Langdon Global Smaller Companies Fund – UCITS

REPORT OF THE DIRECTORS for the financial period from 4 April 2025 (date of launch) to 30 June 2025

Principal Activities

Langdon Global Smaller Companies Fund - UCITS (the "Fund") was established as a sub-fund of the Pinnacle ICAV (the "ICAV").

The ICAV is an Irish collective asset-management vehicle constituted as an umbrella fund with segregated liability between sub-funds registered pursuant to Part 2, Chapter 1 of the Irish Collective Asset-management Vehicles Act 2015 (as amended) (the "ICAV Act"). The ICAV was authorised by the Central Bank of Ireland ("Central Bank") as an Undertaking for Collective Investment in Transferable Securities ("UCITS") pursuant to the European Communities (Undertakings for Collective Investment in Transferable Securities) Regulations 2011 (as amended) (the "UCITS Regulations") and Central Bank (Supervision and Enforcement) Act 2013 (Section 48(1)) (Undertakings for Collective Investment in Transferable Securities) Regulations 2019 (the "Central Bank UCITS Regulations"). The ICAV was incorporated on 20 March 2017, authorised by the Central Bank on 5 May 2017 and commenced operations on 6 July 2017.

As at 30 June 2025, there are seven sub-funds of the ICAV in existence. Antipodes Global Fund – UCITS was authorised by the Central Bank on 5 May 2017 and commenced operations on 6 July 2017. Antipodes Global Fund – Long – UCITS was authorised by the Central Bank on 23 November 2017 and commenced operations on 23 January 2018. Aikya Global Emerging Markets Fund – UCITS was authorised by the Central Bank on 3 June 2020 and commenced operations on 16 October 2020. Global Equity Select Fund – UCITS was authorised by the Central Bank on 17 January 2025 and commenced operations on 23 January 2025. Global Equity Fund – UCITS was authorised by the Central Bank on 17 January 2025 and commenced operations on 23 January 2025. Hyperion Global Growth Companies Fund – UCITS was authorised by the Central Bank on 31 January 2025 and commenced operations on 10 February 2025. Langdon Global Smaller Companies Fund – UCITS was authorised by the Central Bank on 1 April 2025 and commenced operations on 4 April 2025. Separate annual reports and audited financial statements have been prepared for each of the sub-funds which are available free of charge on request from the ICAV. This report is for Langdon Global Smaller Companies Fund - UCITS only.

Statement of Relevant Audit Information

So far as each Director is aware, there is no relevant audit information of which the auditors are unaware.

Review of Business Development, Performance and Future Developments

A detailed review of the business and indication of likely future developments is included in the Investment Manager's Report on page 7.

Financial Position and Results

The financial position as at 30 June 2025 and results for the financial period ended 30 June 2025 are set out on pages 12 and 13, respectively.

Distributions

No distributions were announced or paid by the ICAV in respect of the Share Classes. Shares in the Share Classes of the Fund are Accumulating Shares. Accordingly, income and capital gains arising in respect of the Share Classes will be re-invested in the Fund and reflected in the Net Asset Value ("NAV") per Share of the relevant Share Class.

Any change to the distribution policy of any of the Share Classes of the Fund will be notified to the Shareholders of the relevant Share Class in advance.

Adequate Accounting Records

To ensure that adequate accounting records are kept in accordance with the ICAV Act, the Directors of the ICAV have employed a service organisation, State Street Fund Services (Ireland) Limited (the "Administrator"). The accounting records are located at the offices of the Administrator at 78 Sir John Rogerson's Quay, Dublin 2, Ireland.

Financial Risk Management Objectives and Policies, and Principal Risks and Uncertainties

The Directors have identified certain financial risks arising from the Fund's holdings and these are described, together with the associated financial risk management objectives and policies in the Prospectus, and Note 8 to the financial statements. Custody risk is also discussed in Note 8 to the financial statements.

Langdon Global Smaller Companies Fund – UCITS

REPORT OF THE DIRECTORS for the financial period from 4 April 2025 (date of launch) to 30 June 2025 (continued)

Financial Risk Management Objectives and Policies, and Principal Risks and Uncertainties (continued)

The performance of the Fund may be affected by changes in economic and market conditions, uncertainties such as political developments, changes in government policies, the imposition of restrictions on the transfer of capital and in legal, regulatory and tax requirements.

Investment Objective

The Fund aims to outperform the MSCI World Small Cap Net Index over the long term (typically 5-7 years).

Directors

The names of the persons who were Directors at any time during the financial period are set out on page 3.

Directors' and Secretary's Interests

The Directors and Secretary (including their families) did not have any shareholdings in the ICAV during the financial period ended 30 June 2025.

Significant Events During the Financial Period

The Fund was approved by the Central Bank on 1 April 2025 and commenced operations on 4 April 2025.

Karl Barrow resigned as Director on 30 May 2025.

There were no other significant events during the financial period.

Events Since the Financial Period End

On 2 September 2025 Antipodes Global Fund – Long – UCITS changed its name to Antipodes Global Value Fund – UCITS, Global Equity Fund – UCITS changed its name to Life Cycle Global Equity Fund – UCITS and Global Equity Select Fund – UCITS changed its name to Life Cycle Global Equity Select Fund – UCITS.

Life Cycle US Equity Fund - UCITS is expected to launch on 30 September 2025.

David Forrest appointed as Director on 16 October 2025.

There has been no significant capital activity on the Fund since the financial period end.

There have been no other events since the financial period end that require disclosure in this report.

Connected Persons

The Regulation 43(1) of the Central Bank UCITS Regulations – Transactions involving the management company or depositary to a UCITS; and the delegates or sub-delegates of such a management company or depositary (excluding any non-group company sub-custodians appointed by a depositary); and any associated or group company of such a management company, depositary, delegate or sub-delegate ("Connected Persons") - states that any transaction carried out with a UCITS by these Connected Persons must be conducted at arm's length and in the best interests of the shareholders of the UCITS.

The Board of Directors are satisfied that there are arrangements (evidenced by written procedures) in place, to ensure that the obligations set out in Regulation 43(1) of the Central Bank UCITS Regulations are applied to all transactions with Connected Persons; and the Board of Directors are satisfied that transactions with Connected Persons entered into during the financial period complied with the obligations set out in Regulation 43(1).

Statement of Directors' Responsibilities

The ICAV Act requires the Directors to prepare financial statements for each financial period. The financial statements are prepared in accordance with International Financial Reporting Standards ("IFRS") as adopted by the European Union.

Langdon Global Smaller Companies Fund – UCITS

REPORT OF THE DIRECTORS for the financial period from 4 April 2025 (date of launch) to 30 June 2025 (continued)

Statement of Directors' Responsibilities (continued)

Under the ICAV Act, the Directors must not approve the financial statements unless they are satisfied that they give a true and fair view of the assets, liabilities and financial position of the ICAV as at the financial period end date and of the result of the ICAV for the financial period and otherwise comply with the ICAV Act.

In preparing those financial statements, the Directors are required to:

- select suitable accounting policies and then apply them consistently;
- make judgements and estimates that are reasonable and prudent;
- correctly record and explain the transactions of the ICAV;
- enable the accounts of the ICAV to be readily and properly audited;
- state whether the financial statements have been prepared in accordance with the applicable accounting standards, identify those standards, and note the effect and the reasons for any material departure from those standards; and
- prepare the financial statements on the going concern basis, unless it is inappropriate to presume that the ICAV will continue in business.

The Directors confirm that they have complied with the above requirements in preparing the financial statements.

The Directors are responsible for keeping adequate accounting records which disclose with reasonable accuracy at any time the assets, liabilities, financial position and profit or loss of the ICAV and enable them to ensure that the financial statements comply with the ICAV Act, and the Central Bank (Supervision and Enforcement) Act 2013 (Section 48(1)) (Undertakings for Collective Investment in Transferable Securities) Regulations 2019. They have general responsibility for taking such steps as are reasonably open to them to safeguard the assets of the ICAV. In this regard they have entrusted the assets of the ICAV to a depositary for safe-keeping. They have general responsibility for taking such steps as are reasonably open to them to prevent and detect fraud and other irregularities. The Directors are also responsible for preparing a Directors' Report that complies with the requirements of the ICAV Act.

The financial statements are available on the website <https://www.langdonpartners.com>.

The maintenance and integrity of the <http://www.langdonpartners.com> website is the responsibility of Langdon Equity Partners Ltd (the "Investment Manager").

Legislation in Ireland governing the preparation and dissemination of financial statements may differ from legislation in other jurisdictions.

Corporate Governance Statement

Irish Funds, the association for the funds industry in Ireland, has published a corporate governance code (the "IF Code") that may be adopted on a voluntary basis by Irish authorised investment funds. The Board of Directors has adopted the IF Code, and the ICAV was in compliance with all elements of the IF Code during the financial period.

Safekeeping of Assets

The Directors have delegated the safekeeping of assets of the ICAV to a service organisation, State Street Custodial Services (Ireland) Limited (the "Depositary").

Independent Auditors

The independent auditors, PricewaterhouseCoopers, Chartered Accountants and Statutory Audit Firm have indicated their willingness to continue in office in accordance with Section 125 of the ICAV Act.

Langdon Global Smaller Companies Fund – UCITS

INVESTMENT MANAGER’S REPORT

Since the launch of the UCITS Fund on April 4, 2025, global equity markets have staged a strong recovery from the volatility surrounding the United States’ “Liberation Day.” Against this backdrop, the Fund returned 21.8% net of fees, compared to 21.0% for the benchmark from inception through June 30, 2025. While we reference indexes for long-term comparison, we manage the Fund independently of them.

Performance Drivers

Stock selection was positive across all sectors and regions, with contributions broad-based. Leading performers included Agilysys Inc., Johns Lyng Group, and Andlauer Healthcare Group.

Despite strong absolute returns, a few holdings detracted modestly. One example, Auction Technology Group (ATG), was sold. ATG operates one of the world’s leading marketplaces for curated online auctions, and while we continue to admire the company’s niche platforms, growth has moderated, and it is no longer clear to us that this is a business taking volume share in its end markets. We hold ourselves accountable to find companies that can grow free cash flow per share 10–15% over the medium term, as it is not enough to simply invest in cheap companies. We believe three years is sufficient time to evidence market share gains and meaningful market growth. While we have seen increases in ATG’s take rate—driven more by pricing than volume through the adoption of seller services—we have not been able to prove to ourselves that the company is capturing a larger share of industry auction volumes. Our original investment thesis relied on operating leverage and increased digitization in the art and antique auction space, both of which are now progressing at a more muted pace than we initially anticipated. After a period of underperformance, we determined that capital would be better deployed in management teams and businesses that are more clearly demonstrating their ability to take share when end markets are weak.

Portfolio Outlook

Our goal is not to “play the market,” but to own outstanding companies. This discipline continues to serve us well. As prices fluctuate, we trim into strength and add where value presents itself, a process that has recently increased portfolio turnover. We do not view all turnover as negative. With the right tools and analytics, we can distinguish between turnover that adds value and turnover that merely increases costs.

Looking ahead, we see compelling opportunities in specialty insurance, industrial software, and asset-light services businesses in fragmented industries—particularly in continental Europe and the UK. We remain excited to continue deploying capital into businesses we believe are well-positioned to compound value for our investors over the long term.

Report of the Depositary to the Shareholders

For the financial period from 4 April 2025 (date of launch) to 30 June 2025

Report of the Depositary to the Shareholders

We have enquired into the conduct of Langdon Global Smaller Companies Fund – UCITS ('the ICAV') for the financial period from 4 April 2025 (date of launch) to 30 June 2025, in our capacity as Depositary to the ICAV.

This report including the opinion has been prepared for and solely for the shareholders in the ICAV as a body, in accordance with Regulation 34, (1), (3) and (4) in Part 5 of the European Communities (Undertakings for Collective Investment in Transferable Securities) Regulations 2011, as amended, ('the UCITS Regulations'), and for no other purpose. We do not, in giving this opinion, accept or assume responsibility for any other purpose or to any other person to whom this report is shown.

Responsibilities of the Depositary

Our duties and responsibilities are outlined in Regulation 34, (1), (3) and (4) in Part 5 of the UCITS Regulations. One of those duties is to enquire into the conduct of the ICAV in each annual accounting period and report thereon to the shareholders.

Our report shall state whether, in our opinion, the ICAV has been managed in that period in accordance with the provisions of the ICAV's Instrument of Incorporation and the UCITS Regulations. It is the overall responsibility of the ICAV to comply with these provisions. If the ICAV has not so complied, we as Depositary must state why this is the case and outline the steps which we have taken to rectify the situation.

Basis of Depositary Opinion

The Depositary conducts such reviews as it, in its reasonable opinion, considers necessary in order to comply with its duties as outlined in Regulation 34, (1), (3) and (4) in Part 5 of the UCITS Regulations and to ensure that, in all material respects, the ICAV has been managed; (i) in accordance with the limitations imposed on its investment and borrowing powers by the provisions of the ICAV's Instrument of Incorporation and the UCITS Regulations; and (ii) otherwise in accordance with the ICAV's constitutional documentation and the appropriate regulations.

Opinion

In our opinion, the ICAV has been managed during the period, in all material respects:

- (i) in accordance with the limitations imposed on the investment and borrowing powers of the ICAV by the Instrument of Incorporation, the UCITS Regulations and the Central Bank (Supervision and Enforcement) Act 2013 (Section 48(1)) (Undertakings for Collective Investment in Transferable Securities) Regulations 2019 ('the Central Bank UCITS Regulations'); and
- (ii) otherwise in accordance with the provisions of the Instrument of Incorporation, the UCITS Regulations and the Central Bank UCITS Regulations.

Independent auditors' report to the shareholders of Langdon Global Smaller Companies Fund – UCITS, a sub-fund of Pinnacle ICAV

Report on the audit of the financial statements

Opinion

In our opinion, the financial statements of of Langdon Global Smaller Companies Fund – UCITS, a sub-fund of Pinnacle ICAV:

- give a true and fair view of the sub-fund's assets, liabilities and financial position as at 30 June 2025 and of its results and cash flows for the period from 4 April 2025 (date of launch) to 30 June 2025 (the "period");
- have been properly prepared in accordance with International Financial Reporting Standards ("IFRSs") as adopted by the European Union; and
- have been properly prepared in accordance with the requirements of the Irish Collective Asset-management Vehicles Act 2015 and the European Communities (Undertakings for Collective Investment in Transferable Securities) Regulations 2011 (as amended).

We have audited the financial statements, included within the Annual Report and Audited Financial Statements, which comprise:

- the Statement of Comprehensive Income as at 30 June 2025;
- the Statement of Financial Position for the period then ended;
- the Statement of Cash Flows for the period then ended;
- the Statement of Changes In Net Assets Attributable to Holders of Redeemable Participating Shares for the period then ended;
- the Schedule of Investments as at 30 June 2025; and
- the notes to the financial statements, which include a description of the accounting policies.

Basis for opinion

We conducted our audit in accordance with International Standards on Auditing (Ireland) ("ISAs (Ireland)") and applicable law.

Our responsibilities under ISAs (Ireland) are further described in the Auditors' responsibilities for the audit of the financial statements section of our report. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Independence

We remained independent of the ICAV in accordance with the ethical requirements that are relevant to our audit of the financial statements in Ireland, which includes IAASA's Ethical Standard, and we have fulfilled our other ethical responsibilities in accordance with these requirements.

Conclusions relating to going concern

Based on the work we have performed, we have not identified any material uncertainties relating to events or conditions that, individually or collectively, may cast significant doubt on the sub-fund's ability to continue as a going concern for a period of at least twelve months from the date on which the financial statements are authorised for issue.

In auditing the financial statements, we have concluded that the directors' use of the going concern basis of accounting in the preparation of the financial statements is appropriate.

However, because not all future events or conditions can be predicted, this conclusion is not a guarantee as to the sub-fund's ability to continue as a going concern.

Our responsibilities and the responsibilities of the directors with respect to going concern are described in the relevant sections of this report.

Reporting on other information

The other information comprises all of the information in the Annual Report and Audited Financial Statements other than the financial statements and our auditors' report thereon. The directors are responsible for the other information. Our opinion on the financial statements does not cover the other information and, accordingly, we do not express an audit opinion or, except to the extent otherwise explicitly stated in this report, any form of assurance thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit, or otherwise appears to be materially misstated. If we identify an apparent material inconsistency or material misstatement, we are required to perform procedures to conclude whether there is a material misstatement of the financial statements or a material misstatement of the other information. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report based on these responsibilities.

Based on the responsibilities described above and our work undertaken in the course of the audit, the Irish Collective Asset-management Vehicles Act 2015 requires us to also report the opinion as described below:

- In our opinion, based on the work undertaken in the course of the audit, the information given in the Report of the Directors for the period ended 30 June 2025 is consistent with the financial statements.

Responsibilities for the financial statements and the audit

Responsibilities of the directors for the financial statements

As explained more fully in the Statement of Directors' Responsibilities set out on page 5 & 6, the directors are responsible for the preparation of the financial statements in accordance with the applicable framework and for being satisfied that they give a true and fair view.

The directors are also responsible for such internal control as they determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the directors are responsible for assessing the sub-fund's ability to continue as a going concern, disclosing as applicable, matters related to going concern and using the going concern basis of accounting unless the directors either intend to liquidate the ICAV or to cease operations, or have no realistic alternative but to do so.

Auditors' responsibilities for the audit of the financial statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs (Ireland) will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

Our audit testing might include testing complete populations of certain transactions and balances, possibly using data auditing techniques. However, it typically involves selecting a limited number of items for testing, rather than testing complete populations. We will often seek to target particular items for testing based on their size or risk characteristics. In other cases, we will use audit sampling to enable us to draw a conclusion about the population from which the sample is selected.

A further description of our responsibilities for the audit of the financial statements is located on the IAASA website at:

https://www.iaasa.ie/getmedia/b2389013-1cf6-458b-9b8f-a98202dc9c3a/Description_of_auditors_responsibilities_for_audit.pdf.

This description forms part of our auditors' report.

Use of this report

This report, including the opinions, has been prepared for and only for the shareholders of the sub-fund as a body in accordance with section 120 of the Irish Collective Asset-management Vehicles Act 2015 and for no other purpose. We do not, in giving these opinions, accept or assume responsibility for any other purpose or to any other person to whom this report is shown or into whose hands it may come save where expressly agreed by our prior consent in writing.

Other required reporting

Irish Collective Asset-management Vehicles Act 2015 exception reporting

Directors' remuneration

Under the Irish Collective Asset-management Vehicles Act 2015 we are required to report to you if, in our opinion, the disclosures of directors' remuneration specified by section 117 of that Act have not been made. We have no exceptions to report arising from this responsibility.

1. Establishment and Organisation

Langdon Global Smaller Companies Fund - UCITS (the “Fund”) was established as a sub-fund of the Pinnacle ICAV (the “ICAV”).

The ICAV is an Irish collective asset-management vehicle constituted as an umbrella fund with segregated liability between sub-funds registered pursuant to Part 2, Chapter 1 of the Irish Collective Asset-management Vehicles Act 2015 (as amended). The ICAV was authorised by the Central Bank of Ireland (“Central Bank”) as an Undertaking for Collective Investment in Transferable Securities (“UCITS”) pursuant to the European Communities (Undertakings for Collective Investment in Transferable Securities) Regulations 2011 (as amended) and Central Bank (Supervision and Enforcement) Act 2013 (Section 48(1)) (Undertakings for Collective Investment in Transferable Securities) Regulations 2019 (the “Central Bank UCITS Regulations”). The ICAV was incorporated on 20 March 2017, authorised by the Central Bank on 5 May 2017 and commenced operations on 6 July 2017.

As at 30 June 2025, there are seven sub-funds of the ICAV in existence. Antipodes Global Fund – UCITS was authorised by the Central Bank on 5 May 2017 and commenced operations on 6 July 2017. Antipodes Global Fund – Long – UCITS was authorised by the Central Bank on 23 November 2017 and commenced operations on 23 January 2018. Aikya Global Emerging Markets Fund – UCITS was authorised by the Central Bank on 3 June 2020 and commenced operations on 16 October 2020. Global Equity Select Fund – UCITS was authorised by the Central Bank on 17 January 2025 and commenced operations on 23 January 2025. Global Equity Fund – UCITS was authorised by the Central Bank on 17 January 2025 and commenced operations on 23 January 2025. Hyperion Global Growth Companies Fund – UCITS was authorised by the Central Bank on 31 January 2025 and commenced operations on 10 February 2025. Langdon Global Smaller Companies Fund – UCITS was authorised by the Central Bank on 1 April 2025 and commenced operations on 4 April 2025. Separate annual reports and audited financial statements have been prepared for each of the sub-funds which are available free of charge on request from the ICAV. This report is for Langdon Global Smaller Companies Fund – UCITS only.

Investment Objective

The Fund aims to outperform the MSCI World Small Cap Net Index over the long term (typically 5-7 years).

2. Principal Accounting Policies

Basis of Preparation

The annual financial statements of the ICAV have been prepared in accordance with International Financial Reporting Standards (“IFRS”) as adopted by the European Union.

The preparation of financial statements in conformity with IFRS requires management to make judgements, estimates and assumptions which affect the application of policies and the reported amounts of assets and liabilities, income and expense. The estimates and associated assumptions are based on experience and various other factors which are believed to be reasonable under the circumstances, the results of which form the basis of making the judgements about carrying values of assets and liabilities which are not readily apparent from other sources. Actual results may differ from these estimates. Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the financial period in which the estimates are revised and in any future years affected. There were no significant management judgments or significant estimates used in measuring the fair value of investments at the financial period end date of 30 June 2025. Please see Note 9 for further details used in measuring the fair value of investments at the financial period end date of 30 June 2025.

The Directors, with the support of the Investment Manager, consider a number of factors and potential indicators in relation to the Fund's ability to continue as a going concern and continuously monitor the performance of the ICAV. The financial statements are prepared on a going concern basis. The material accounting policies applied in the preparation of these financial statements are set out below.

Basis of Measurement

The financial statements have been prepared on the historical cost basis, except for financial instruments at fair value through profit or loss, which are measured at fair value.

NOTES TO THE FINANCIAL STATEMENTS

For the financial period from 4 April 2025 (date of launch) to 30 June 2025 (continued)

2. Principal Accounting Policies (continued)

Redeemable Participating Shares

Shareholders may redeem their shares on a redemption day at the redemption price which is the NAV per share, less redemption charge, if any, and any applicable duties and charges. In accordance with IAS 32 such instruments give rise to a financial liability for the present value of the redemption amount.

Receivable on Sales of Securities/Payable on Securities Purchased

In accordance with the ICAV's policy of trade date accounting for regular way sales and purchases transactions, sales/purchases awaiting settlement represent amounts receivable/payable for securities sold/purchased but not yet settled.

Dividend Income

Dividend income is recognised in the Statement of Comprehensive Income as income on the date the securities are first quoted as "ex-dividend", when the right to receive the payment is established. Income which suffers a deduction of tax at source is shown gross of withholding tax. Non-recoverable withholding tax and capital gains tax are disclosed separately in the Statement of Comprehensive Income.

Interest Income

Interest income is recognised in the Statement of Comprehensive Income on an accruals basis. Bank interest income is recognised on an accruals basis.

Expenses

All expenses are recognised in the Statement of Comprehensive Income on an accruals basis and as the related services are performed. Interest expense is recognised using the effective interest rate method in line with the contractual terms.

Distribution Policy

Subject to the discretion of the Directors, dividend distributions ("distributions") will be declared and paid annually; at the end of June in each calendar year. Shareholders will have the option to either receive the declared distribution (if any) or re-invest in the purchase of Shares of the relevant class. All distributions are recognised in the Statement of Comprehensive Income.

Any change to the distribution policy of any of the Share Classes of the Fund will be notified to Shareholders of the relevant Share Class in advance.

Withholding tax

Dividend income, interest income and capital gains earned by the Fund may be subject to withholding tax or capital gains tax imposed in the country of origin. As at 30 June 2025, the Fund incurs capital gains tax imposed by certain countries on realised gains. The capital gains tax is accounted for on an accruals basis (i.e. includes an estimate of capital gains tax by reference to unrealised gains in the country of origin as well as actual capital gains tax incurred on realised gains in the country of origin). Income and capital gains that is subject to such tax is recognised gross of the taxes and the corresponding withholding tax or capital gains tax is recognised as tax expense in the Statement of Comprehensive Income. Also recorded within the 'Capital Gains Tax' line on the Statement of Comprehensive Income are the refunds of Withholding Tax and the reversals of previously accrued capital gains tax amounts.

Financial Assets and Financial Liabilities at Fair Value through Profit or Loss

(i) Classification

(a) Assets

The Fund classifies its investments based on its business model for managing those financial assets and the contractual cash flow characteristics of the financial assets. The portfolio of financial assets is managed and performance is evaluated on a fair value basis. The Fund is primarily focused on fair value information and uses

that information to assess the assets' performance and to make decisions. The collection of contractual cash flows is only incidental to achieving the Fund's business model's objective. Consequently, all investments are measured at fair value through profit or loss.

(b) *Liabilities*

The Fund makes short sales in which a borrowed security is sold in anticipation of a decline in the market value of that security, or it may use short sales for various arbitrage transactions. Short sales are held for trading and are consequently classified as financial liabilities at fair value through profit or loss. Derivative contracts that have a negative fair value are presented as liabilities at fair value through profit or loss. As such, the Fund classifies all of its investment portfolio as financial assets or liabilities as fair value through profit or loss.

(ii) *Recognition and Initial Measurement*

Regular purchases and sales of investments are recognised on the trade date – the date on which the Fund commits to purchase or sell the investment. Financial assets and financial liabilities at fair value through profit or loss are initially recognised at fair value. Transaction costs are expensed as incurred in the Statement of Comprehensive Income.

(iii) *Subsequent Measurement*

After initial measurement, the Fund measures financial instruments which are classified as at fair value through profit or loss, at their fair value. Subsequent changes in the fair value of financial instruments at fair value through profit or loss are recognised in the Statement of Comprehensive Income in the period in which they arise. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

The fair value of financial instruments traded in active markets is based on quoted market prices at the Statement of Financial Position date. The quoted market price used for financial assets and financial liabilities held by the Fund is the last traded price. If a quoted market price is not available, the fair value of the financial instruments may be estimated by a competent person using valuation techniques, including the use of recent arm's length market transactions, reference to the current fair value of another instrument that is substantially the same, discounted cash flow techniques, pricing models or any other valuation technique that provides a reliable estimate of prices obtained in actual market transactions. There were no such estimations or valuations as at 30 June 2025.

(iv) *Derecognition*

The Fund derecognises a financial asset when the contractual rights to the cash flows from the financial asset expire. It also derecognises a financial asset when it transfers the financial assets and the transfer qualifies for derecognition. The Fund derecognises a financial liability when the obligation specified in the contract is discharged, cancelled or expires.

Transaction Costs

Transaction costs include fees and commissions paid to agents, advisers, brokers and dealers, levies by regulatory agencies and security exchanges, and transfer taxes and duties. Transaction costs do not include debt premiums or discounts, financing costs or internal administrative or holding costs. Transaction costs relate to the purchase and sale of investments and are recognised in the Statement of Comprehensive Income in Transaction costs.

Cash and cash equivalents

Cash and cash equivalents comprises current cash deposits and bank overdrafts with the Depositary. While cash and cash equivalents are also subject to the impairment requirements of IFRS 9, the identified impairment loss was immaterial. For further details please refer to Note 12.

Umbrella cash account

The Umbrella Cash Subscription and Redemption Account is maintained for the purposes of (i) receiving subscriptions monies from applicants for the issue of Shares; (ii) paying redemption proceeds to investors; and (iii) paying distributions to Shareholders of Distributing Shares. The subscription monies are held in the Umbrella Cash Subscription and Redemption Account for the account of the Fund pending settlement of the associated issue of Shares.

Functional and Presentation Currency

The financial statements are presented in United States Dollar ("US\$"), the Fund's functional and presentational currency.

Monetary assets and liabilities denominated in currencies other than the functional currency are translated into said functional currency at the closing rates of exchange at each financial period end date. Non-monetary assets and liabilities denominated in foreign currencies that are measured at fair value through profit or loss are retranslated into the functional currency at the spot rate at the date the fair value was determined. Transactions during the financial period, including purchases and sale of securities and income and expenses, are translated at the rate of exchange prevailing on the date of the transaction. Foreign currency transaction gains and losses are included in the Net realised and unrealised gain on financial assets and financial liabilities at fair value through profit or loss and foreign exchange in the Statement of Comprehensive Income.

3. Taxation

The ICAV is an investment undertaking as defined in Section 739B of the Taxes Consolidation Act, 1997, as amended ("TCA"). The ICAV will not be liable to Irish tax in respect of its income and gains, other than on the occurrence of a chargeable event.

The ICAV will only be subject to tax on chargeable events in respect of Shareholders who are Taxable Irish Persons (generally persons who are resident or ordinarily resident in Ireland for tax purposes).

A chargeable event occurs on:

- (a) a payment of any kind to a Shareholder by the ICAV;
- (b) a transfer of Shares; and
- (c) on the eighth anniversary of a Shareholder acquiring Shares and every subsequent eighth anniversary.

It does not include any transaction in relation to Shares held in a clearing system recognised by the Revenue, certain transfers arising as a result of an amalgamation or reconstruction of fund vehicles and certain transfers between spouses or former spouses.

If a Shareholder is not a Taxable Irish Person at the time a chargeable event arises no Irish tax will be payable on that chargeable event in respect of that Shareholder.

Where tax is payable on a chargeable event, subject to the comments below, it is a liability of the ICAV which is recoverable by deduction or, in the case of a transfer and on the eight year rolling chargeable event by cancellation or appropriation of Shares from the relevant Shareholders. In certain circumstances, and only after notification by the ICAV to a Shareholder, the tax payable on the eight year rolling chargeable event can at the election of the ICAV become a liability of the Shareholder rather than the ICAV. In such circumstances the Shareholder must file an Irish tax return and pay the appropriate tax (at the rates set out below) to the Revenue.

In the absence of the appropriate declaration being received by the ICAV that a Shareholder is not a Taxable Irish Person or if the ICAV has information that would reasonably suggest that a declaration is incorrect, and in the absence of written notice of approval from the Revenue to the effect that the requirement to have been provided with such declaration is deemed to have been complied with (or following the withdrawal of, or failure to

meet any conditions attaching to such approval), the ICAV will be obliged to pay tax on the occasion of a chargeable event (even if, in fact, the Shareholder is neither resident nor ordinarily resident in Ireland). Where the chargeable event is an income distribution, tax will be deducted at the rate of 41%, or where the Shareholder is a company and the appropriate declaration has been made at the rate of 25%, on the amount of the distribution. Where the chargeable event occurs on any other payment to a Shareholder (not being a company which has made the appropriate declaration) on a transfer of Shares or on the eight year rolling chargeable event, tax will be deducted at the rate of 41% on the increase in value of the shares since their acquisition. Tax will be deducted at the rate of 25% on such transfers where the Shareholder is a company and the appropriate declaration has been made. In respect of the eight year rolling chargeable event, there is a mechanism for obtaining a refund of tax where the Shares are subsequently disposed of for a lesser value.

An anti-avoidance provision increases the 41% rate of tax to 60% (or 80% where details of the payment/disposal are not correctly included in the individual's tax returns) if, under the terms of an investment in the Fund, the investor or certain persons associated with the investor have an ability to influence the selection of the assets of the Fund.

Other than in the instances described above, the ICAV will have no liability to Irish taxation on income or chargeable gains.

Dividend income, interest income and capital gains (if any) received on investments made by the ICAV may be subject to withholding and capital gains taxes imposed by the country from which the investment income/gains are received and such taxes may not be recoverable by the ICAV or its shareholders.

4. Share Capital

The share capital of the ICAV is 1,000,000,000,000 unclassified shares of no par value. The minimum issued share capital of the ICAV is 2 shares of no par value. The maximum share capital of the ICAV is 1,000,000,000,000 unclassified shares of no par value.

The unclassified shares are available for issue as Shares. There are no rights of pre-emption attaching to the Shares in the ICAV.

The classes and currencies in which shares of the Fund are on offer are set out below:

Class	Currency
I Share Class EUR Accumulating (Unhedged)	EUR
I Share Class GBP Accumulating (Unhedged)	GBP
I Share Class USD Accumulating	US\$
C Share Class CAD Accumulating (Unhedged)	CAD
C Share Class GBP Accumulating (Unhedged)	GBP
C Share Class USD Accumulating (Unhedged)	US\$

Subscription of Shares

The Initial Issue Price for Shares during the Initial Offer Period is set out in the Supplement for the Fund.

Shares are issued at the Subscription Price per Share as determined on the day on which they are deemed to be issued.

The Directors may make an adjustment by way of an addition to the subscription amount which will be reflected in the issue price when there are net subscriptions to include a charge/anti-dilution levy which the Investment Manager considers represents an appropriate figure to cover dealing costs and/or to preserve the value of the underlying assets of the Fund. Any such charge/levy is retained for the benefit of the Fund and the Directors reserve the right to waive such charge at any time. This charge has been waived.

In addition, a Subscription Charge of up to 5% of the Subscription Price may be charged if provided for in the Supplement for the Fund. No subscription charge is payable on the Fund.

NOTES TO THE FINANCIAL STATEMENTS

For the financial period from 4 April 2025 (date of launch) to 30 June 2025 (continued)

4. Share Capital (continued)

Subscription of Shares (continued)

Payment in respect of the issue of Shares must be made to the ICAV (the relevant account will be specified in the application form or otherwise notified to investors in advance) by the relevant settlement date by electronic transfer in cleared funds in the currency of denomination of the relevant Share Class.

It is the responsibility of applicants to transmit payment for subscriptions promptly, with clear customer identification. Applicants are responsible for their own bank charges, including any lifting fees or commissions. Until the issue of Shares, the entitlement of applicants to the subscription monies paid into the Umbrella Cash Subscription and Redemption Account is that of an unsecured creditor.

An applicant for Shares does not benefit from any appreciation of the NAV of the relevant Shares subscribed for or any other Shareholder rights (including any distribution entitlements) until such time as the applicant becomes a Shareholder.

Shares are issued on the relevant Dealing Day. If payment in full has not been received by the settlement date, or in the event of non-clearance of funds, all or part of any issue of Shares made may, at the discretion of the Directors, be cancelled and the relevant monies returned to the applicant at their risk. In such cases the Directors may charge the applicant for any resulting losses and costs incurred by the Fund.

Anti-dilution levy

Shares are issued at the NAV per Share calculated at the Valuation Point and adding thereto such sum as the Directors in their absolute discretion may from time to time determine as an appropriate provision for duties and charges (including an anti-dilution levy where there are overall net subscriptions or overall net redemptions as provided for in "Subscriptions" and "Redemptions" in the Prospectus).

Subscriptions for the Classes of Shares should be made by electronic transfer to the account as specified in the application form.

There was no anti-dilution levy applied during the financial period ended 30 June 2025.

Redemption of Shares

When the Fund meets a redemption request in cash, the amount due on the redemption of Shares on a particular Dealing Day will be paid by the relevant settlement date by electronic transfer to an account in the name of the Shareholder. Payment of any proceeds of redemption will only be paid after receipt by the Administrator of any relevant redemption documentation (including any anti-money laundering documentation requested).

No Shareholder is entitled to request redemption of part only of its holding of Shares of any Class in the Fund if such realisation would result in its holding of Shares of such Class after such realisation being below the applicable Minimum Shareholding (subject to the discretion of the Directors).

8. Risks Associated with Financial Instruments

The Fund's activities expose it to a variety of financial risks: market risk (including other price risk, interest rate risk and currency risk), credit risk and liquidity risk.

The capital of the Fund is represented by the net assets attributable to holders of redeemable shares. The amount of net assets attributable to holders of redeemable shares can change significantly on a daily basis, as the Fund is subject to daily subscriptions and redemptions at the discretion of shareholders, as well as changes resulting from the Fund's performance. The Fund's objective when managing capital is to safeguard the Fund's ability to continue as a going concern in order to provide returns for shareholders, provide benefits for other stakeholders and maintain a strong capital base to support the development of the investment activities of the Fund.

In order to maintain the capital structure, the Fund's policy is to perform the following:

- Monitor the level of daily subscriptions and redemptions relative to the assets it expects to be able to liquidate within a day.
- Redeem and issue new shares in accordance with the constitutional documents of the Fund, which include the ability to restrict redemptions and require certain minimum holdings and subscriptions.

NOTES TO THE FINANCIAL STATEMENTS

For the financial period from 4 April 2025 (date of launch) to 30 June 2025 (continued)

8. Risks Associated with Financial Instruments (continued)

The Board of Directors and Investment Manager monitor capital on the basis of the value of net assets attributable to redeemable shareholders.

The Fund is also exposed to operational risks such as settlement and custody risk. Custody risk is the risk of loss of financial assets held in custody occasioned by the insolvency or negligence of the Depositary. Although an appropriate legal framework is in place that reduces the risk of loss of value of the financial assets held by the Depositary, in the event of failure, the ability of the Depositary to transfer the financial assets might be impaired. The Depositary is owned by State Street Corporation. The credit rating for State Street Corporation, the parent company, as at 30 June 2025 is A for Standard & Poor's ("S&P").

The Fund's overall risk management programme seeks to maximise the returns derived for the level of risk to which the Fund is exposed and seeks to minimise potential adverse effects on the Fund's financial performance. All investments present a risk of loss of capital.

Global Exposure

The Investment Manager monitors global exposure of the Fund by utilising the commitment approach.

Market Risk

Market risk embodies the potential for both losses and gains and includes price risk, currency risk and interest rate risk as detailed below.

(i) Price risk

The investments of the Fund in securities are subject to normal market fluctuations and other risks inherent in investing in securities. Security prices may decline over short or extended periods due to general market conditions (e.g. economic, technological or political). Individual stock prices, however, tend to go up and down more dramatically over the short term.

These price movements may result from factors affecting individual companies or industries, or the securities market as a whole. Those assets with potentially higher long term returns may also have a higher risk of losing money in the shorter term.

The Investment Manager's careful analysis of each company it invests in, as well as maintaining a diversified portfolio of companies, aims to minimise this risk.

If the value of the financial instruments at fair value through profit or loss at 30 June 2025 had increased by 5% with all other variables held constant, this would have increased net assets by the amounts shown in the below table.

	30 June 2025	
	Fair/Notional Value US\$	5% sensitivity US\$
Financial Instruments at fair value through profit or loss		
Investments in transferable securities	17,760,193	888,010

Conversely, if their value had decreased by 5%, this would result in an equal but opposite effect on Net Assets. 5% represents management's best estimate of a reasonable shift in value, having regard to historic market trends.

(ii) Foreign currency risk

The Fund's investments and, where applicable, the investments of any collective investment scheme in which the Fund invests, may be acquired in a wide range of currencies other than the base currency of the Fund. Changes in the exchange rate between the base currency of the Fund and the currency of the asset may lead to a depreciation of the value of the Fund's assets as expressed in the base currency. It may not be possible or practical to hedge against such exchange rate risk.

Market Risk (continued)

(ii) Foreign currency risk (continued)

The Fund's currency risk is managed by the Investment Manager in accordance with policies and procedures in place. The analysis and management of market risks are monitored and assessed at all stages in the investment selection process. The Fund's overall currency positions and exposures are monitored on a regular basis by the Investment Manager and Board of Directors.

The following table sets out the Fund's total exposure to foreign currency risk and the net exposure to foreign currencies in US\$ at 30 June 2025:

Currency	Investments 30 June 2025 US\$	Other Net Monetary Assets /(Liabilities) 30 June 2025 US\$	Forward Contracts 30 June 2025 US\$	Total Foreign Currency Exposure 30 June 2025 US\$	5% Sensitivity 30 June 2025 US\$
AUD	801,598	-	-	801,598	40,080
CAD	2,391,148	530	-	2,391,678	119,584
DKK	595,681	941	-	596,622	29,831
EUR	3,519,634	-	-	3,519,634	175,982
GBP	4,245,742	677,964	-	4,923,706	246,185
JPY	985,237	-	-	985,237	49,262
NOK	881,540	-	-	881,540	44,077
Total	13,420,580	679,435	-	14,100,015	705,001

If the exchange rate at 30 June 2025 between the Fund's functional currency and all other currencies had increased/decreased by 5% with all other variables held constant, this would have decreased/increased net assets by the amounts shown in the above table. 5% represents management's best estimate of a reasonable shift in value, having regard to historic market trends.

(iii) Interest rate risk

Changes in interest rates can influence the value and returns of some of the Fund's investments. Declining interest rates may affect the return on available reinvestment opportunities. In the event of a general rise in interest rates, the value of certain investments that may be contained in the Fund's investment portfolio may fall, reducing the NAV of the Fund. Fluctuation in rates may affect interest rate spreads in a manner adverse to the Fund. Interest rates are highly sensitive to factors beyond the Fund's control, including, among others, government monetary and tax policies, and domestic and international economic and political conditions.

An increase/(decrease) in interest rates of 1% against floating rate financial at the Statement of Financial Position date would have increased/(decreased) net assets by the amounts shown in the table below.

	30 June 2025 1% sensitivity US\$
Cash and cash equivalents	14,460

1% represents management's best estimate of a reasonable shift in value, having regard to historic market trends.

As the Fund does not invest in interest-bearing securities, the Fund does not have a significant exposure to interest rate risk. Excess cash and cash equivalents are invested at short term market interest rates thus contributing very little to fair value interest rate risk, however, such balances are exposed to cash flow interest rate risks. Balances exposed to cash flow interest rate risks are the cash and cash equivalent amounts disclosed in the Statement of Financial Position.

NOTES TO THE FINANCIAL STATEMENTS
For the financial period from 4 April 2025 (date of launch) to 30 June 2025 (continued)

8. Risks Associated with Financial Instruments (continued)

Liquidity risk

Liquidity risk is the risk that a position in the portfolio of the Fund cannot be sold or converted into cash in an adequately short timeframe. Most of the investments owned by the Fund can usually be sold promptly at a fair price and therefore can be described as relatively liquid. Some investments can be illiquid because of legal restrictions, the nature of the investment, settlement terms, or for other reasons such as a shortage of buyers. Illiquid investments can lose value or incur extra costs. In addition, illiquid investments may be more difficult to value accurately and may experience larger price changes causing greater fluctuations in the Fund's value.

Redemptions or withdrawals from the Fund could require the Fund to liquidate its positions more rapidly than otherwise desirable, which could adversely affect the Fund's NAV. Illiquidity in certain securities could make it difficult for the Fund to liquidate positions on favourable terms, which may affect the Fund's NAV. Although the Fund may suspend redemptions or withdrawals in the manner described in the Prospectus under the section entitled Suspension of Calculation of NAV in order to minimise this risk, this power may not always be exercised and the exercise of this power does not eliminate such potential loss in value or liquidity risks.

The Fund's liquidity risk is managed in accordance with policies and procedures in place. The analysis and management of liquidity risk is monitored and assessed at all stages in the investment selection process. The Fund's overall liquidity risk is monitored on a regular basis by the Investment Manager and Board of Directors. The ICAV's dealing frequency is on a daily basis and the redemption of the redeemable participating shares is the main liability of the Fund.

As at 30 June 2025, the Fund's financial assets and financial liabilities classified into the relevant maturity groupings, based on the remaining period at the Statement of Financial Position date to the contractual maturity date, was less than six months. The Fund is inherently liquid in nature (mainly liquid instruments and cash) and consequentially there has been no requirement to use the liquidity provisions or tools available as per the Prospectus to manage liquidity.

Credit risk

Credit risk arises from the uncertainty surrounding the ultimate repayment of principal and interest or other investments by the issuers of such securities. There can be no assurance that the issuers of securities or other instruments in which the Fund invests will not be subject to credit difficulties leading to the loss of some or all of the sums invested in such securities or other instruments. The Fund will also be exposed to a credit risk in relation to the counterparties with whom the Fund trades and may bear the risk of settlement default. Changes in the credit quality of an issuer and/or security or other instrument could affect the value of a security or other instrument or the Fund's share price.

The credit rating of counterparties with S&P as at 30 June 2025 was as follows:

	30 June 2025
State Street Corporation	A

Some of the assets of the Fund are held in custody by the Depositary. Bankruptcy or insolvency of the Depositary may cause the Fund's rights with respect to cash or securities held by the Depositary to be delayed or limited. The Fund monitors its risk by monitoring the credit rating of the Depositary on a monthly basis. If the credit quality or the financial position of the Depositary deteriorates significantly the Investment Manager will move the cash or holdings to another bank. the Depositary, as at 30 June is shown in the table above. The carrying amount of total assets best represents the maximum credit risk exposure at the Statement of Financial Position date.

The Fund's total assets exposed to credit risk amounted to the following:

	30 June 2025 US\$
Cash and cash equivalents	1,446,030
Other assets	30,185
Total	1,476,215

9. Fair Value Measurements

IFRS 13, Fair Value Measurement, requires a fair value hierarchy for inputs used in measuring fair value that classifies investments according to how observable the inputs are. Observable inputs are those that market participants would use in pricing the asset or liability based on market data obtained from sources independent of the Fund. Unobservable inputs reflect the Fund's assumptions, made in good faith, about the inputs market participants would use in pricing the asset or liability developed based on the best information available in the circumstances. The fair value hierarchy is categorised into three levels based on the inputs as follows:

Level 1 - Valuations based on quoted prices in active markets for identical assets or liabilities;

Level 2 - Valuations based on quoted prices in markets that are not active or inputs other than quoted prices for which all significant inputs are observable, either directly (as prices) or indirectly (derived from prices); and

Level 3 - Valuations based on inputs that are unobservable and significant to the overall fair value measurement.

There were no investments held at Level 3 as at 30 June 2025.

The following table analyses within the fair value hierarchy the Fund's financial assets and financial liabilities measured at fair value at 30 June 2025:

	Level 1 US\$	Level 2 US\$	Level 3 US\$	Total US\$
Financial assets at fair value through profit or loss				
Investments in transferable securities:				
- Shares	17,760,193	-	-	17,760,193
	17,760,193	-	-	17,760,193

Assets and liabilities not measured at fair value through profit or loss but for which fair value is disclosed

Cash and cash equivalents are classified as Level 1 and all other assets and liabilities not measured at fair value but for which fair value is disclosed are classified as Level 2, as this reflects a reasonable approximation of their measured fair value on the Statement of Financial Position.

10. Efficient Portfolio Management

The Fund will utilise Financial Derivative Instruments ("FDI") for Efficient Portfolio Management only. The Fund may use forward contracts and participation notes.

REMUNERATION POLICY

The Manager has designed and implemented a remuneration policy (the “Policy”) in line with the provisions of S.I. 257 of 2013 European Union (Alternative Investment Fund Managers) Regulations 2013 (the “AIFM Regulations”), S.I. 352 of 2011 European Communities (Undertakings for Collective Investment in Transferable Securities) Regulations 2011 (as amended) (the “UCITS Regulations”) and of the ESMA Guidelines on sound remuneration policies under the UCITS Directive and AIFMD (the “ESMA Guidelines”). The Policy is designed to ensure that the remuneration of key decision makers is aligned with the management of short and long-term risks, including the oversight and where appropriate the management of sustainability risks in line with the Sustainable Finance Disclosure Regulations.

The Manager’s remuneration policy applies to its identified staff whose professional activities might have a material impact on the ICAV’s risk profile and so covers senior management, risk takers, control functions and any employees receiving total remuneration that takes them into the same remuneration bracket as senior management and risk takers and whose professional activities have a material impact on the risk profile of the ICAV. The Manager’s policy is to pay identified staff a fixed component with the potential for identified staff to receive a variable component. It is intended that the fixed component will represent a sufficiently high proportion of the total remuneration of the individual to allow the Manager to operate a fully flexible policy, with the possibility of not paying any variable component. When the Manager pays a variable component as performance related pay certain criteria, as set out in the Manager’s remuneration policy, must be adhered to. The various remuneration components are combined to ensure an appropriate and balanced remuneration package that reflects the relevant staff rank and professional activity as well as best market practice. The Manager’s remuneration policy is consistent with, and promotes, sound and effective risk management and does not encourage risk-taking which is inconsistent with the risk profile of the funds it manages.

These disclosures are made in respect of the remuneration policies of the Manager. The disclosures are made in accordance with the ESMA Guidelines.

Total remuneration (in EUR) paid to the identified staff of the Manager fully or partly involved in the activities of the ICAV that have a material impact on the ICAV’s risk profile during the financial year to 31 December 2024 (the Manager’s financial year):

Fixed remuneration	EUR
Senior Management	3,377,918
Other identified staff	-
Variable remuneration	
Senior Management	732,962
Other identified staff	-
Total remuneration paid	4,110,880

No of identified staff – 20

Neither the Manager nor the ICAV pays any fixed or variable remuneration to identified staff of the Investment Manager.

There have been no material changes made to the Remuneration Policy or the Manager’s remuneration practices and procedures during the financial year.
