CHINA YOUTH TOUR

BEIJING - HANGZHOU - SHANGHAI
JULY 4TH - 10TH

Welcome

Before we lose you to TL;DR...

This won't be your typical nexxworks tour. Not that our usual ones are boring (they're not!), but this Youth Tour is different — it's designed with both generations in mind.

That means we'll be shifting gears: fewer company visits (just 1 or 2 per day), and much more time for culture, entertainment, and real-life local experiences.

By the end of the journey, we want everyone — young and not-so-young — to walk away with a deeper sense of how China ticks: how it does business, how people live, eat, and have fun.

Let's explore China the nexxworks way — with a twist.

The nexxworks team

What you **can expect**

(Junior) Moderators

We bring our two very best moderators (and their family) with us: Peter Hinssen & Pascal Coppens.

They will share their insights - and spark discussions. Buy them a beer or two and they might even crack a joke.

Not boring company visits!

If you can visit companies such as Unitree (robots that cost less than an iPhone) and Xiaomi (supercars that are faster than a Ferrari) ...

visiting companies is AWESOME.

Culture & Fun

Sure, the Great Wall is iconic (and yes, we just might go there), but there's so much more here. This is a country where trends are born, where culture moves fast, and where innovation meets lifestyle.

We'll be exploring what makes China cool right now — from Pop Mart and live streaming to gaming, fashion, beauty, and beyond.
