REGAL

VOICE AI AGENTS FOR EDUCATION

Drive enrollment while improving student support and retention.

ENSURE ALL CALLS REACH QUALIFIED STUDENTS

Aprende INSTITUTE

The Problem: As enrollment demand accelerated, Aprende Institute's advisors were losing 100K+ minutes monthly to voicemails and unqualified leads.

Aprende filtered calls with an agentic workflow, routing only engaged students to advisors. Hands-on implementation and monitoring ensured agent success.

KEY EDUCATION USE CASES

- Book Campus Tours
- Collect Payments
- Answer Enrollment Questions
- Nurture Student Inquiry Leads
- Qualify Prospective Students
- Schedule Interviews

THE REGAL SOLUTION

Eliminated wasted student outreach by filtering voicemail and dead-air calls with an agentic workflow

Met increasing lead volume without scaling headcount by deploying a Voice AI agents that handle qualification

Freed advisors to focus on engaged students through intelligent routing and seamless human–AI handoff

DRIVING OUTCOMES

100%
Parity with Human Conversion Rate

18X
More Engaged Calls Lasting 5+ Minutes

100K+
Monthly Minutes Saved for Advisors

"We're not just saving time; **we're scaling smarter and helping more students start their programs without friction.**"

LEE HASSON
CTO, Aprende Institute
