

NYLOFOR® 3D+ FENCE PANELS

The product

BETAFENCE 3D+ fence panels are made of welded rectangular mesh with horizontal reinforcements in the form of folds that stiffen the fence.

Defensive spikes at the top or bottom, depending on protection needs, give these panels a strong safety connotation.

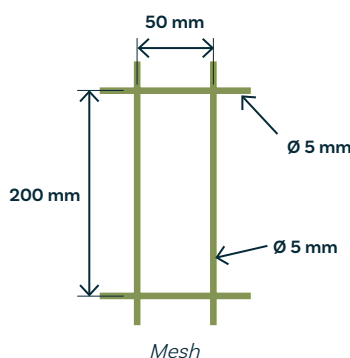

Its coating makes it stronger while offering a variety of colour options. Sturdy and durable, this fence is perfectly suited to any type of environment and use.

Characteristics

Grey 7016 ● Green 6005 ● Black 9005 ● White 9010 ○
