

## **Laboratory Analyst – Chemistry & Microbiology**

TMS Environment Ltd specialises in the provision of Contract Environmental and Analytical Consultancy and laboratory services to a broad range of clients in the Public and Private sectors. We are looking for a candidate to join our Dublin Laboratory working as part of a multi-disciplinary team involved in various analytical projects. A comprehensive training programme will be provided and experience is not necessary for this position.

### **Specialist duties and responsibilities will include:**

- Analysis of samples of water, wastewater and other media using a range of chemical techniques;
- Development and validation of analytical methods;
- Implementation of safety, health and welfare protocols;
- Implementation of the laboratory waste management system;

### **Essential requirements**

Essential requirements are as follows:

- A relevant qualification (NFQ Level 8) in Science with Chemistry/Microbiology as a main subject.
- Excellent written and verbal communication skills.

### **Eligibility**

Eligible candidates must be:

- A citizen of the European Economic Area (EEA, Member States of the European Union, Iceland, Liechtenstein and Norway); or
- A citizen of the United Kingdom (UK); or
- A citizen of Switzerland; or
- A non-EEA citizen who has a Stamp 4 or a Stamp 5 visa;

### **Benefits package**

Salary will be in the range €30,000 - €35,000. Staff can avail of excellent learning and development opportunities and we actively promote and support continued professional development. We offer many opportunities to develop through on the job learning, by engaging with multi-disciplinary teams across the organisation and through formal internal and external training.

### **Selection Information, Interviews and Panel Information**

In-person interviews will be held at the company laboratories at 53 Broomhill Drive, Tallaght, Dublin 24. Candidates will be shortlisted based on the information contained in the application. An appointment will be made from the process and additionally a Panel will be formed from which future vacancies for Laboratory Analysts may be filled.

### **How to apply**

Applications with full CV to be emailed to [info@tmsenv.ie](mailto:info@tmsenv.ie) by **16 January 2026**.
