

## Overview

01

## Connect Headphone

- ☆ This device works with 3.5mm stereo plug.
- ☆ We suggest that users use a professional headphone amplifier to gain a better audio experience.

02

## Wearing and Using the Device

- ☆ Letter "R" (right) and letter "L" (left) are marked on the arms of the headphones to help tell right from left. The headphone beam is adjustable to better fit your head.

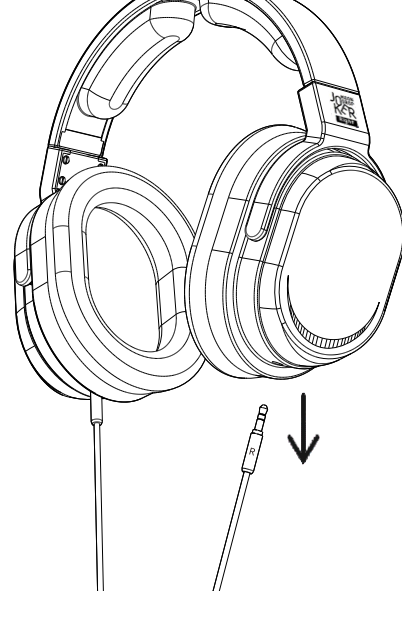

- ☆ Please put the headphone back into the storage box when not in use or hang it on the headphone hanger. The cable can be wrapped and stored.

03

## Replace the Cable

- Remove the cable**
  - ☆ Hold the headphone's housing firmly, and pull out the plug from the headphone jack.
- Insert the Cable**
  - ☆ Make sure that the "R" (right) and "L" (left) marked on the plug is matching with the arms, align the plug with the socket and insert the plug until it's installed correctly.

04

## Important safety tips

- ☆ Please read the manual carefully and completely before using the device.
- ☆ The safety instructions must be accompanied when transferring this device to a third party.
- ☆ Do not use defective device.

### Prevent health damages and accidents

- ☆ Be careful with the high volume. Using headphone at high volume for a long time may cause permanent hearing loss.
- ☆ Please put this device, accessories and packaging parts out of the reach of children and pets to prevent suffocation caused by accidents and accidental swallowing.
- ☆ Do not use this device when on special occasions (such as working or doing technical work).
- ☆ A strong last-long magnetic field would be generated. Please keep 10cm distance from the product parts containing magnets.

05

### Prevent device to damage and product failure

- ☆ Please put the device into a clean and dust-free environment.
- ☆ Please keep this device dry, and do not place it in extreme temperatures (such as long time of sun exposure, etc.), so as to avoid product corrosion or deformation.
- ☆ Do not put the device in the glass simulation head, seat armrest or similar objects for a long time, which may cause the headphone beam to loosen and reduce the contact pressure of the earphone.
- ☆ Only accessories/spare parts provided or recommended by MOONDROP can be used.
- ☆ Only a soft, dry cloth can clean this device.

### Purpose/Warranty

MOONDROP is not responsible for any damage caused by improper use or incorrect use of the device and its accessories, or personal safety accidents caused by improper use. (Any use that does not conform to the provisions in the corresponding introduction is considered as improper use.)

### Maintain

Clean the device regularly to prolong the device's service life.

- ☆ Clean the device with a dry cloth.
- ☆ Please clean it carefully with a dry cloth if there is sweat or dirt on the used cable, or it may cause deterioration and accelerate aging of the cable.
- ☆ Please clean it carefully with a dry cloth if the cable plug has dirt. Using an unclean plug will cause sound distortion or interruption.
- ☆ Please put the device in a well-ventilated place away from high temperatures and humidity for long-term storage. Improper storage may cause the deterioration of ear pads.
- ☆ Please contact MOONDROP official store or distributors for information on replacing ear pads or other parts.

## Specifications

Product Name: Joker Closed-Back Professional Monitor Headphones  
Diaphragm: Partially Rigid Composite Diaphragm  
Frequency Response Range: 15Hz-22kHz  
Effective Frequency Response Range: 20Hz-20kHz (IEC60318-4,3dB)  
Sensitivity: 106dB/Vrms (@1kHz)  
Impedance: 68Ω±15% (@1kHz)  
Cable Jack: 3.5mm  
Plug: 3.5mm stereo jack plug

## Package list

MOONDROP JOKER headphone \*1  
3.5mm cable  
6.35mm adapter  
Manual  
Certificate  
QQ group cards

07

## After-sales terms

If the product has a non-man caused failure from the date of shipment, it can be returned within 7 days, replaced within 15 days and repaired free of charge within 12 months. If the damage is caused due to improper use, paid repair service will be provided depending on the condition.

If this device is damaged and meets the warranty conditions, please contact the seller to return it under the guidance of the seller by completing the device after-sales list, and attaching it to this device, package, and purchase receipt.

- ☆ This device is a precise electronic product, please avoid putting it in damp, dust and high/low temperature as well as avoid pulling, collision, and squeezing, to prevent unnecessary damage, which will invalidate the warranty.
- ☆ Cable breakage, shell deformation, water damage, dust, corrosion or pins broke, tuning material, and unit damage, are out of warranty.
- ☆ If the repair can not be provided due to product upgrades within the warranty, we will provide replacement service depending on the condition, and won't enjoy the warranty after replacement.
- ☆ If the product has expired the warranty period, and due to product replacement, our company may not be able to provide repair service.
- ☆ We will not be able to provide repair service if the device shell or core parts are seriously deformed due to external force.
- ☆ The after-sales service period is generally 7-20 days (excluding transportation time), depending on the repair department.
- ☆ About warranty period after repair/replacement:
  - If the cause of the product issue is confirmed as poor build quality by MOONDROP after-service center, the warranty period will be prolonged to 60 days from the completion date of repair/replace if it was less or equal to 60 days; otherwise, it will stay as the original warranty period.

08

## Warranty Card

- ☆ For after-sales service, please refer to [After-sales Terms].
