

About the Naval Postgraduate School Foundation

NAVAL POSTGRADUATE SCHOOL FOUNDATION

The Naval Postgraduate School Foundation is a 501(c)(3) nonprofit dedicated to advancing the mission of the Naval Postgraduate School. The Foundation provides resources that enhance the student experience, strengthen military families, and expand industry partnership and research opportunities that directly benefit national security. By funding innovative research, supporting programs that improve quality of life, and investing in facilities like the Naval Innovation Center at NPS, the Foundation ensures graduates return to duty better prepared, equipped and ready to lead.

NPS PARTNER INTERMEDIARY

Through a Partnership Intermediary Agreement (PIA) with NPS, the NPS Foundation serves as a bridge between the school and external partners. This role enables curated engagement with industry partners by facilitating events, introductions and collaborations that help accelerate research, technology development and transfer, and solution development aligned with operational needs.

NAVAL INNOVATION CENTER AT NPS PARTNER

The NPS Foundation has a Memorandum of Agreement with the Department of the Navy to support the design, outfitting and long-term sustainment of the Naval Innovation Center at NPS. Through this agreement, the Foundation brings resources, partners and expertise to deliver a world-class facility where government, industry and academia converge to accelerate solution development for the Naval and Joint Force. The Foundation has committed up to \$150–200 million in private support, complementing the Navy's investment to bring the Naval Innovation Center at NPS to life.

NPS ALUMNI ASSOCIATION

Through a Memorandum of Understanding with NPS, the NPS Foundation serves as the official Alumni Association of the Naval Postgraduate School. The Alumni Association fosters lifelong connection and pride among graduates through events, communications and meaningful opportunities to engage with NPS. It celebrates alumni achievements, builds professional networks and cultivates a global community that continues to support NPS and its mission.

The Naval Postgraduate School Foundation supports the people, programs and partnerships that power innovation at NPS and across the naval and joint services. Through multiple authorizations and frameworks, the Foundation enables collaboration with the Department of the Navy and partners in government, academia and industry to accelerate solutions and strengthen national defense.
