Rectangular Inclusive Trampoline

Materials & Construction

Frame: galvanized steel profile, powder-coated

Impact-absorbing surround: recycled rubber with EPDM additive

Jumping mat: demountable with springs using the dedicated tool included with the trampoline

Jumping mat elements: manufactured from plastic

Warranty: 48 months whole unit, 10 years HDPE panels, 15 years structural strength

In accordance with PN-EN 1176-1+A1:2024-03, this product requires impact-absorbing surfacing appropriate to its free-fall height.

The equipment shown is a computer visualisation only; the actual product will look similar. Colours may vary from those shown. Construction materials can be tailored to the customer's requirements. Dimensional tolerance +/- 5 cm.

Why Choose This Product

A rectangular in-ground trampoline purpose-built for inclusive and integration play. The larger 100 x 204 cm jumping mat accommodates wheelchair users and children with additional needs alongside their peers. Flush-mounted for safe, barrier-free access from all sides, it makes active jumping play genuinely accessible to everyone. Certified to PN-EN 1176-1+A1:2024-03.

- Large 100 x 204 cm mat — designed for inclusive and wheelchair-accessible play
- Flush-mounted: safe, barrier-free access from every side
- Galvanized steel frame with recycled-rubber/EPDM impact-absorbing surround
- 225 kg unit weight — robust, stable construction for heavy-duty public use
- Certified to PN-EN 1176-1+A1:2024-03 for public playground safety
