Jumping mat dimensions: Ø 80 cm

Conforms to: PN-EN 1176-1+A1:2024-03

# 0.8m Round Trampoline

## Materials & Construction

Frame: galvanized steel profile, powder-coated

Impact-absorbing surround: recycled rubber with EPDM additive

Jumping mat: demountable with springs using the dedicated tool included with the trampoline

Jumping mat elements: manufactured from plastic

Warranty: 48 months whole unit, 10 years HDPE panels, 15 years structural strength

**In accordance with PN-EN 1176-1+A1:2024-03, this product requires impact-absorbing surfacing appropriate to its free-fall height.**

*The equipment shown is a computer visualisation only; the actual product will look similar. Colours may vary from those shown. Construction materials can be tailored to the customer's requirements. Dimensional tolerance +/- 5 cm.*

## Why Choose This Product

A compact round in-ground trampoline designed for public playgrounds with limited space. The circular form fits neatly into any layout, and the flush-mounted installation means no trip hazards and access from every direction. The galvanized steel frame and recycled-rubber/EPDM surround are engineered for long-term, low-maintenance outdoor use.

- Compact Ø 144 cm footprint — fits naturally into any playground layout
- Flush-mounted design: no trip hazards, accessible from every direction
- Galvanized steel frame with recycled-rubber/EPDM impact-absorbing surround
- Jumping mat demountable with springs using the included dedicated tool
- Certified to PN-EN 1176-1+A1:2024-03 for public playground safety
