1 x 1m Square Trampoline

Materials & Construction

Frame: galvanized steel profile, powder-coated

Impact-absorbing surround: recycled rubber with EPDM additive

Jumping mat: demountable with springs using the dedicated tool included with the trampoline

Jumping mat elements: manufactured from plastic

Warranty: 48 months whole unit, 10 years HDPE panels, 15 years structural strength

In accordance with PN-EN 1176-1+A1:2024-03, this product requires impact-absorbing surfacing appropriate to its free-fall height.

The equipment shown is a computer visualisation only; the actual product will look similar. Colours may vary from those shown. Construction materials can be tailored to the customer's requirements. Dimensional tolerance +/- 5 cm.

Why Choose This Product

A popular square in-ground trampoline offering a generous 100 x 100 cm jumping mat. Flush-mounted for safe, barrier-free access from all sides, it suits public playgrounds, school grounds and community parks. The galvanized steel frame and recycled-rubber surround are built for years of intensive outdoor use with minimal maintenance.

- 100 x 100 cm jumping mat — space for energetic, active play
- Flush-mounted design: no trip hazards, accessible from every side
- Galvanized steel frame with recycled-rubber/EPDM impact-absorbing surround
- Jumping mat demountable with springs using the included dedicated tool
- Certified to PN-EN 1176-1+A1:2024-03 for public playground safety
