2 m

Recommended age: 5-14 years

Conforms to: BS EN 1176-1+A1:2024

Dimension Drawing

Ostrich Climbing Frame Materials & Construction

Steel structure of zinc-primed, powder-coated tube
Robinia-acacia timber beams
Ø16 PP rope with steel reinforcement
Stainless-steel bars
AISI 304 stainless-steel slide
Stainless/galvanised calibrated technical chains
Coloured HDPE; aluminium and plastic connectors

In accordance with BS EN 1176-1+A1:2024, this product requires impact-absorbing surfacing appropriate to its free-fall height.

The equipment shown is a computer visualisation only; the actual product will look similar. Colours may vary from those shown. Construction materials can be tailored to the customer's requirements. Dimensional tolerance +/- 5cm. Due to the natural, irregular shape of the acacia, dimensions may vary from those stated.

Why Choose This Product

The Ostrich Climbing Frame sets a slide and climbing net within an imaginative meadow scene of oversized dandelions and grasses. Children climb, slide and explore the themed structure while developing balance and coordination in a vivid outdoor world.

- Slide and climbing net in a themed meadow scene
- Tall ostrich character with robinia accents
- Steel-and-stainless build with AISI 304 slide
- Certified to BS EN 1176-1+A1:2024
