3.5 × 3.5 m

● FREE-FALL HEIGHT
0.29 m

Conforms to: BS EN 1176-1:2017

Dimension Drawing

Single-Post Spinner Carousel

Materials & Construction

Frame: galvanised steel tube Ø114.3×4 mm and 6 mm plate

Grip pole: Ø33.7×3 mm stainless steel

Platform: 18 mm anti-slip HDPE

Foundation: set directly in ground, concrete B30

In accordance with BS EN 1176-1:2017, this product requires impact-absorbing surfacing appropriate to its free-fall height.

The equipment shown is a computer visualisation only; the actual product will look similar. Colours may vary from those shown. Construction materials can be tailored to the customer's requirements. Dimensional tolerance +/- 5cm.

Why Choose This Product

The Single-Post Spinner Carousel is a compact stand-on spinner: a child steps onto the anti-slip disc, grips the central pole and spins — ideal for filling out smaller play areas.

- Compact stand-on spinner with a tiny footprint
- Galvanised steel core with stainless-steel grip pole
- 18 mm anti-slip HDPE disc, foundation-set in concrete
- Certified to BS EN 1176-1:2017 for public playground safety
