Platform Roundabout with Seats

Materials & Construction

Frame: anti-corrosion treated steel tube and thick plate, powder-coated

Deck: anti-slip HDPE (optional robinia-acacia board or ribbed aluminium)

Panels: coloured HDPE

Fixings: plastic-capped bolts and profiles

In accordance with BS EN 1176-1:2017, this product requires impact-absorbing surfacing appropriate to its free-fall height.

The equipment shown is a computer visualisation only; the actual product will look similar. Colours may vary from those shown. Construction materials can be tailored to the customer's requirements. Dimensional tolerance +/- 5cm.

Why Choose This Product

The Platform Roundabout with Seats is a traditional sit-on roundabout with a central column, curved seats and safety railings on an anti-slip deck — a dependable, all-ages choice.

- Central column, curved seats and safety railings on an anti-slip deck
- Deck options: anti-slip HDPE, robinia-acacia board or ribbed aluminium
- Anti-corrosion treated, powder-coated steel with coloured HDPE
- Certified to BS EN 1176-1:2017 for public playground safety
