In accordance with BS EN 1176-1+A1:2024, this product requires impact-absorbing surfacing appropriate to its free-fall height.

*The equipment shown is a computer visualisation only; the actual product will look similar. Colours may vary from those shown.
Construction materials can be tailored to the customer's requirements. Dimensional tolerance +/- 5cm.*

Why Choose This Product

Four seats across two beams, each with a supportive backrest, let younger children rock confidently in pairs or as a group. The shared central pivot makes for sociable, balanced play.

- Built in the EPX HD-range style from galvanised, powder-coated and stainless steel with colour HDPE seats and backrests
- Certified to BS EN 1176-1+A1:2024 for public playground safety
