Construction materials can be tailored to the customer's requirements. Dimensional tolerance +/- 5cm.*

Why Choose This Product

A fully accessible, ground-level roundabout that lets a child in a wheelchair roll straight on over a flush boarding edge and spin alongside friends. With a generous 2.5 m platform it brings genuinely inclusive rotating play to schools, SEN settings and public parks.

- Built for permanent outdoor use from galvanised, powder-coated steel with an anti-slip HDPE deck and a sealed, maintenance-free central bearing
- Certified to BS EN 1176-1+A1:2024 for public playground safety
