Why Choose This Product

A compact, single-bay swing with a high-backed support seat for children who need extra postural support, offering an affordable, space-efficient way to add inclusive swinging to an existing playground. GPS locator, Braille information plates and audible signalling are fitted as standard.

- High-backed support seat meeting the standard's requirements
- Compact single-bay footprint for tighter spaces
- Certified to BS EN 1176-1:2017 for public playground safety
- GPS locator, Braille plates and audible signalling as standard
