Why Choose This Product

The Multiplay Unit with Tube Tunnel, Climbing Walls & Slide is a multiplay unit from EPX's steel-and-HDPE range that links a tower and two platforms via a tube tunnel, with two climbing walls, a slide and educational play panels (noughts & crosses, labyrinth, clock and weather). Designed for children aged 3–12 years and accommodating up to 11 users at once, it suits primary schools, nurseries, parks and public playgrounds.

- Combines several activities in one space-saving footprint for busy schools and parks
- Galvanised, powder-coated steel with UV-stable HDPE and AISI 304 stainless detailing
- Certified to BS EN 1176-1+A1:2024 for public playground safety
- Backed by 48-month warranty (10yr HDPE, 15yr structural)
