Acacia Power Cube Agility Frame

Materials & Construction

Frame: natural acacia with stainless and powder-coated steel

Panels: anti-slip plywood; durable plastic climbing grips

Ropes: 16mm PP rope with steel reinforcement

Connectors: durable plastic nodes; plastic-capped bolts

Fixings: anti-corrosion treated

Warranty: 48 months whole unit / 10yr HDPE / 15yr structural

In accordance with BS EN 1176-1:2017, this product requires impact-absorbing surfacing appropriate to its free-fall height.

The equipment shown is a computer visualisation only; the actual product will look similar. Colours may vary from those shown. Construction materials can be tailored to the customer's requirements. Dimensional tolerance +/- 5cm.

Why Choose This Product

The Power Cube packs a climbing wall, cargo net, gym rings and traverse bars around a compact hexagonal acacia frame, delivering varied whole-body challenges in a small footprint.

- Hexagonal agility station: climbing wall, net, rings and bars
- Natural acacia frame with stainless and powder-coated steel
- Certified to BS EN 1176-1:2017 for public playground safety
- Backed by a 48-month warranty (10yr HDPE, 15yr structural)
