Construction materials can be tailored to the customer's requirements. Dimensional tolerance +/- 5cm.*

Why Choose This Product

The In-Line Triple Recycling Bin places three 75-litre bins side by side in a single row, making waste separation quick and intuitive. Its in-line layout suits walkways, school grounds and parks.

- Three 75-litre bins in a tidy in-line row
- Quick, intuitive waste separation
- Built for heavy public use; fixed securely in place
