The equipment shown is a computer visualisation only; the actual product will look similar. Colours may vary from those shown. Construction materials can be tailored to the customer's requirements. Dimensional tolerance +/- 5cm.

Why Choose This Product

The Five-Bin Recycling Set lines up five 75-litre bins in a single row for full waste separation, ideal for larger schools, parks and public spaces with higher footfall. The colour-coded layout keeps recycling simple.

- Five 75-litre bins for full waste separation
- Ideal for larger, higher-footfall sites
- Built for heavy public use; fixed securely in place
