Large Inclusive Wheelchair Carousel

Materials & Construction

Frame: galvanised, powder-coated steel
Deck: anti-slip HDPE, flush wheelchair boarding
Bearing: sealed, maintenance-free central bearing
Fixings: anti-corrosion, plastic-capped bolts

In accordance with BS EN 1176-1+A1:2024, this product requires impact-absorbing surfacing appropriate to its free-fall height.

The equipment shown is a computer visualisation only; the actual product will look similar. Colours may vary from those shown. Construction materials can be tailored to the customer's requirements. Dimensional tolerance +/- 5cm.

Why Choose This Product

A fully accessible, ground-level roundabout that lets a child in a wheelchair roll straight on over a flush boarding edge and spin alongside friends. With a generous 2.5 m platform it brings genuinely inclusive rotating play to schools, SEN settings and public parks.

- Built for permanent outdoor use from galvanised, powder-coated steel with an anti-slip HDPE deck and a sealed, maintenance-free central bearing
- Certified to BS EN 1176-1+A1:2024 for public playground safety
