Ground level

Free space: 1.5 m on all sides (manufacturer guidance)

Conforms to: BS EN 1176-1

Street Congas Duo Outdoor Drums

Materials & Construction

Drums: two brushed stainless steel drum heads (unpitched percussion)

Post: single polished stainless steel post

Playing: played with the hands – no mallets needed

Mounting: ground fix as standard; surface-fix version available

Sound level: approx. 56 dB under 3 m · 53 dB at 10 m · 52 dB at 50 m

Siting: avoid direct sunlight; confirm free space in the site risk assessment

This product is played from ground level and is not designed to be climbed, so impact-absorbing surfacing under BS EN 1177 is not required. Keep the recommended free space clear around the instrument.

The equipment shown is a representative image only; the actual product will look similar. Colours and finishes may vary from those shown. Dimensional tolerance +/- 5cm.

Why Choose This Product

The Street Congas Duo brings hand drumming to outdoor spaces in a compact, sculptural form. Two brushed stainless steel drum heads sit on a single polished post, inviting passers-by to stop and play a rhythm. Built for busy public environments, it works well in parks, plazas, school grounds and community spaces, either on its own or alongside other outdoor drums to create a larger group drumming area.

- Two hand-played drum heads – no mallets to lose
- Compact single-post design for tighter spaces
- Brushed and polished stainless steel for demanding public settings
- A relatively quiet instrument – around 56 dB close up
