Children's 4-in-1 Outdoor Gym Combo

Materials & Construction

Frame: Bent steel tube Ø60.3 × 3.6 mm on a Ø114 × 3.6 mm base post; S235 structural steel
Handles & other tubes: Ø25 × 2 mm handles; Ø88.9 × 2.6 mm, Ø48 × 2.9 mm and Ø40 × 2 mm tubes
Safety: Pendulum and jumping-jack leg travel limited to 55° by built-in stops to prevent crushing injuries
Seat & footplates: HDPE
Finish: Powder coating over a zinc primer for long-term corrosion protection
Moving parts: Sealed 2RS maintenance-free ball bearings
Fixings: Acid-resistant bolts with stainless steel washers and dome nuts; tube ends welded closed
Colours: Lime (NCS S 1070-G50Y) and navy (RAL 5003) as standard; other RAL colours available
Foundations: Bolted to a concrete footing or precast base set 30 cm below ground level

Free-fall height is under 1 m, so BS EN 16630 allows grass or turf as well as impact-absorbing surfacing. We'll recommend the right finish for your site.

How to Use

Bike & stepper

Bike: sit on the seat and pedal alternately. Stepper: hold the handles, stand on the pedals and press them alternately.

Benefits:

Work the legs and glutes, build balance and get the circulation going.

Pendulum & jumping jack

Hold the handles with both feet on the footplates. Pendulum: swing the legs side to side. Jumping jack: open the legs and slowly bring them together.

Benefits:

Mobilise the hips and lower back and strengthen the core.

Inspection & Maintenance

Routine visual check weekly (daily on busy or vandal-prone sites), an operational check every 1–3 months and a main inspection once a year. Replace worn or damaged parts promptly with genuine spares. Morti Sport & Play offers annual inspection and maintenance for school and public sites.

Why Choose This Product

Four exercise stations on one frame — bike, stepper, pendulum and jumping jack — so four children can be active at once. It packs a full children's fitness circuit into a single footprint, making it a strong centrepiece for busy school playgrounds and parks.

- Four different exercises, four users, one installation
- Built-in stops limit pendulum and jumping-jack travel to 55°
- Certified to BS EN 16630 for outdoor fitness equipment
- Designed, supplied and installed by Morti Sport & Play's own teams
