

Climbing Net & Rock Wall Play Frame

Compact steel climber with rope net, climbing wall and canopy

Functions

- Climbing
- Grip strength
- Coordination
- Confidence
- Route choice
- Small footprint

Technical Data

DIMENSIONS (L x W)

2.60 x 0.68 m

HEIGHT

2.89 m

SAFETY ZONE

6.40 x 3.92 m (22.0 m²)

FREE-FALL HEIGHT

2.00 m

Capacity: 4 users Recommended age: 3–14 years Safety zone area: 22.0 m²

Conforms to: BS EN 1176-1:2017+A1:2023

Play Activities

- **Rope net** — angled net climb on one side
- **Climbing wall** — curved HPL wall with resin holds
- **Canopy** — colourful canopy on the central post

Climbing Net & Rock Wall Play Frame

Materials & Construction

Frame: Galvanised and powder-coated steel posts, 80 x 80 mm profile (stainless steel version available)

Climbing walls: Anti-slip, waterproof HPL panels

Climbing holds: Polyester-resin composite with mineral fillers

Ropes: Steel-core rope with polypropylene braid; plastic, stainless steel or aluminium connectors

Bars & fittings: Stainless steel

Fixings: Stainless steel or cap-covered screws; rubber or polypropylene post caps

Foundations: Concrete footings 60–80 cm deep on level ground

Safety Surfacing

Free-fall height is 2.00 m, so impact-absorbing surfacing is needed across the impact area: a synthetic surface tested to EN 1177 for a critical fall height of at least 2.00 m, or 300 mm of loose-fill bark, woodchip or sand. We'll specify and quote the right surface for your site.

Images are computer visualisations; the installed product will look similar. Colours may vary from those shown. Alternative colour options are available.

Inspection & Maintenance

Routine visual check weekly (daily on busy or vandal-prone sites), an operational check every 1–3 months and a main inspection once a year, in line with BS EN 1176-7. Check ropes, connectors and fixings for wear and keep loose-fill surfacing topped up. Morti Sport & Play offers annual inspection and maintenance.

Why Choose This Product

- Two climbing routes in a 2.60 x 0.68 m footprint
- Works alone or as part of a trim trail
- Galvanised, powder-coated steel with stainless fittings
- Certified to BS EN 1176-1; installed by our own teams

Designed, supplied and installed by Morti Sport & Play's own teams, with a BS EN 1176 handover pack on completion. Ask us for a site visit, layout drawing and surfacing quote.
