Giant Ant Climbing Frame with Slide

Materials & Construction

Frame: Steel tube, zinc-primed and powder-coated
Ropes: Ø16 mm polypropylene rope with steel core, aluminium and high-grade plastic connectors
Chains: Calibrated galvanised technical chains
Panels: Coloured HDPE and anti-slip HDPE
Slide: AISI 304 stainless steel bed with HDPE side panels
Fixings: Anti-corrosion protected bolts and connections

Free-fall height is 2.20 m, so impact-absorbing surfacing is required across the impact area: EN 1177-tested synthetic surfacing rated to at least 2.20 m, or loose-fill bark, woodchip or sand at 400 mm depth. We'll recommend the right finish for your site.

Images are computer visualisations; the installed product will look similar. Colours may vary from those shown.

How to Use

Climbing routes

Children climb the rope nets, rope ladder and climbing wall up into the ant's body.

Benefits:

Builds grip, strength and route planning.

Hanging elements

Hanging discs and rope hoops under the ant add balance and swinging challenges.

Benefits:

Develops balance and core control.

Slide

Children leave the top platform down the stainless steel slide.

Benefits:

Adds a fast finish.

Inspection & Maintenance

Routine visual check weekly (daily on busy or vandal-prone sites), an operational check every 1–3 months and a main inspection once a year. Check rope tension, connectors and fixings, and keep loose-fill surfacing topped up. Replace worn or damaged parts promptly with genuine spares. Morti Sport & Play offers annual inspection and maintenance for school and public sites.

Why Choose This Product

A giant ant climbing frame with rope nets, a climbing wall, hanging elements and a stainless steel slide. Several ways in and out keep groups moving, and the bold red ant makes a memorable landmark.

- A themed centrepiece with several climbing routes
- Steel tube frame, steel-core ropes and stainless steel slide
- Certified to BS EN 1176-1:2017+A1:2024
- Designed, supplied and installed by Morti Sport & Play's own teams
