

Howdy y'all! In LassO-Week we aim to foster **community, confidence,** and **exploration** as you journey throughout the wild wild west! We invite all you cowpokes to wrangle up your unique experiences and bring them to Duncan. Just like not all cowpokes ride the same horse, we know every student comes from a different stretch of the prairie, and we welcome folks from all trails of life.

LassO-Week is all about givin' y'all the tools to rope in success at Rice. Simultaneously, we prioritize the importance of mental and physical **wellbeing**, you know, taking a chance to kick off your boots. This new class of cowpokes should ride out of LassO-Week with **comfort** and **confidence**, ready to meander through the Rice frontier. We hope to foster a **positive** environment that gives y'all many opportunities that Rice and Houston have to offer, so take the reins and ride toward new adventures!

Welcome to the *ROO*deo!
