

PEX.

High Table

Introducing the Pex Table, a seamless fusion of modern aesthetics and retro charm. Crafted using Ergoform's innovative metal bending technique, this high table boasts a concave tabletop and four distinct metal pipe legs. The unique bending process ensures that the metal pipes remain distortion-free, offering both durability and a distinctive appearance. Perfect for creating a modern retro vibe in your office space, the Pex Table is a testament to ergonomic design and enduring style.
