A&L AUTOMATION AND LOGISTICS

# TECHNOLOGY THAT INCREASES PRODUCTIVITY, NOT COMPLEXITY

Integrated solutions in automation, robotics, and industrial vision.

A&L AUTOMATION AND LOGISTICS

# 15 YEARS OF EXPERIENCE.

## ONE SINGLE GOAL: PERFORMANCE.

- **Specialists** in Industrial Automation
- **Integrated** hardware + software solutions
- **Engineering-driven** approach
- **Continuous** technical support

**WE TRANSFORM INDUSTRIAL COMPLEXITIES INTO SIMPLE, ROBUST, AND SCALABLE SOLUTIONS.**

A&L AUTOMATION AND LOGISTICS

# WHAT WE DO?

## Project Management

Total control

## Industry 4.0

Data, efficiency, visibility

## System Integration

Everything works together

## Electrical Panels

Safety and reliability

## PLC/HMI Software

Intelligent control

## Traceability System

Knowing where and when

## Vision system

Advanced vision system

## Robotics

Automated precision

A&L AUTOMATION AND LOGISTICS

# PROJECT MANAGEMENT

## FROM CONCEPT TO COMMISSIONING

### Needs Analysis

Understanding client goals and technical requirements

### Feasibility & Design

Smart planning and scalable architecture

### Commissioning & Support

Delivery, training and continuous improvement

### Implementation & Testing

Validation, safety checks and performance optimization

### System Integration

Everything works together

### EFFICIENCY

Optimized workflow

### RELIABILITY

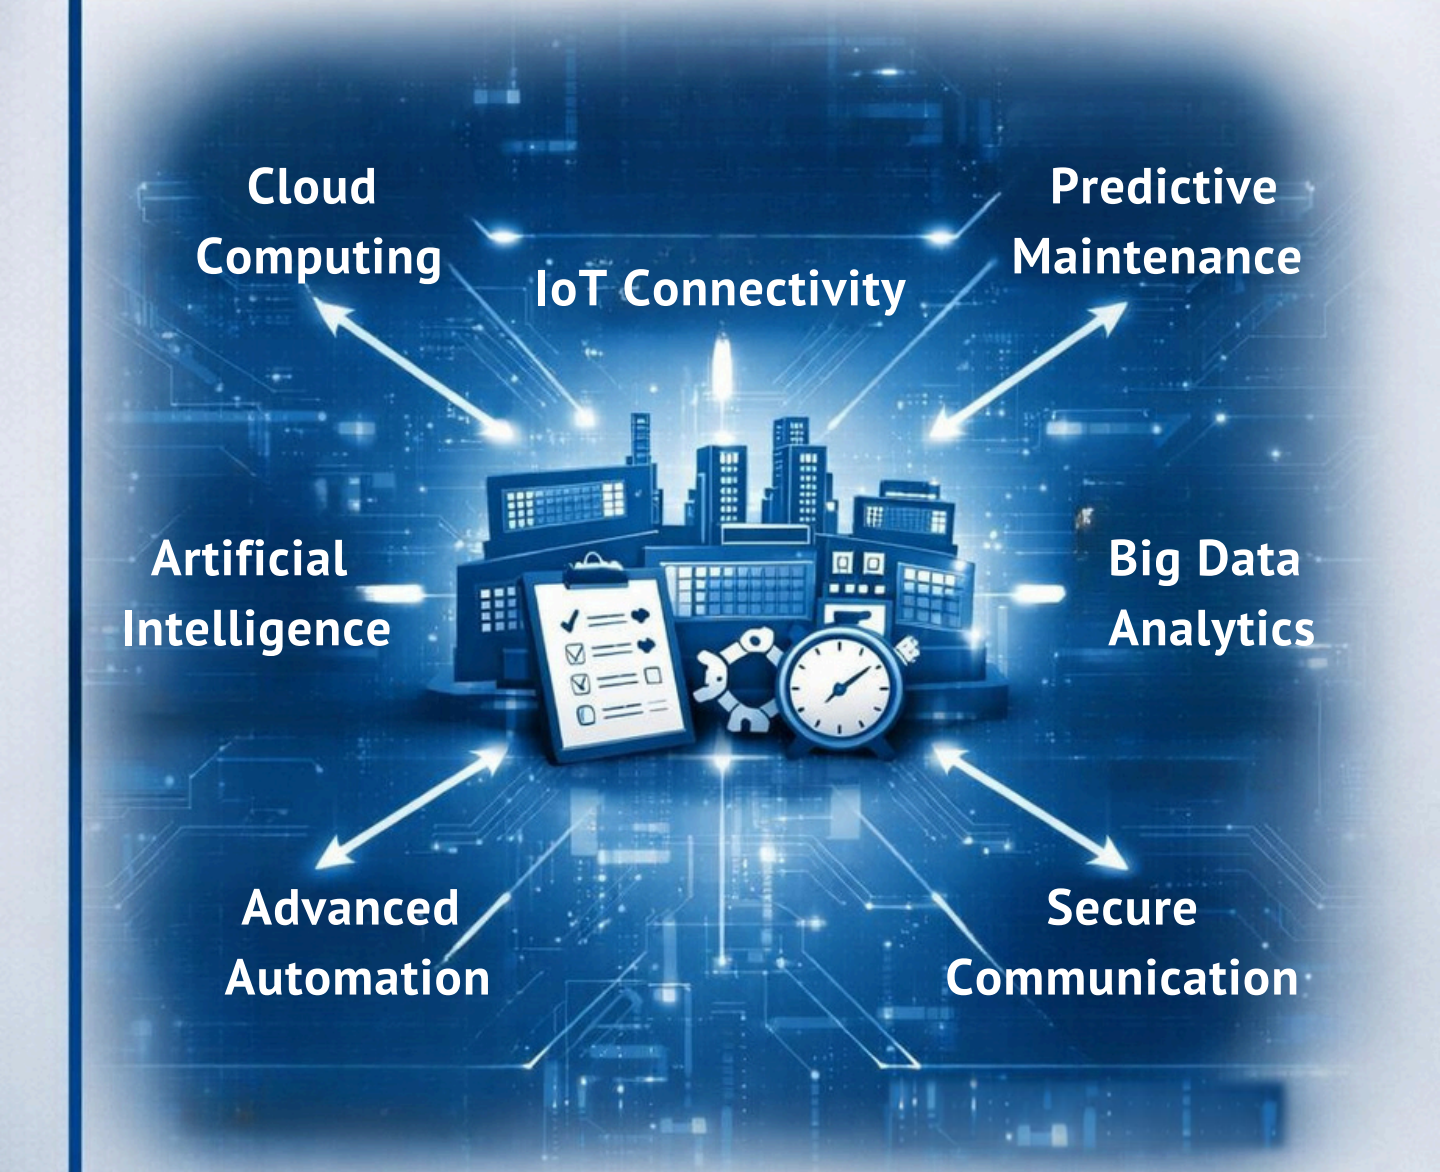

Proven industrial standards

### SCALABILITY

Ready for future expansion

A&L AUTOMATION AND LOGISTICS

# INDUSTRY 4.0

WHEN EVERYTHING COMMUNICATES, EVERYTHING IMPROVES

A&L AUTOMATION AND LOGISTICS

# ROBOTICS

## ADVANCED AUTOMATION FOR EVERY PRODUCTION NEED

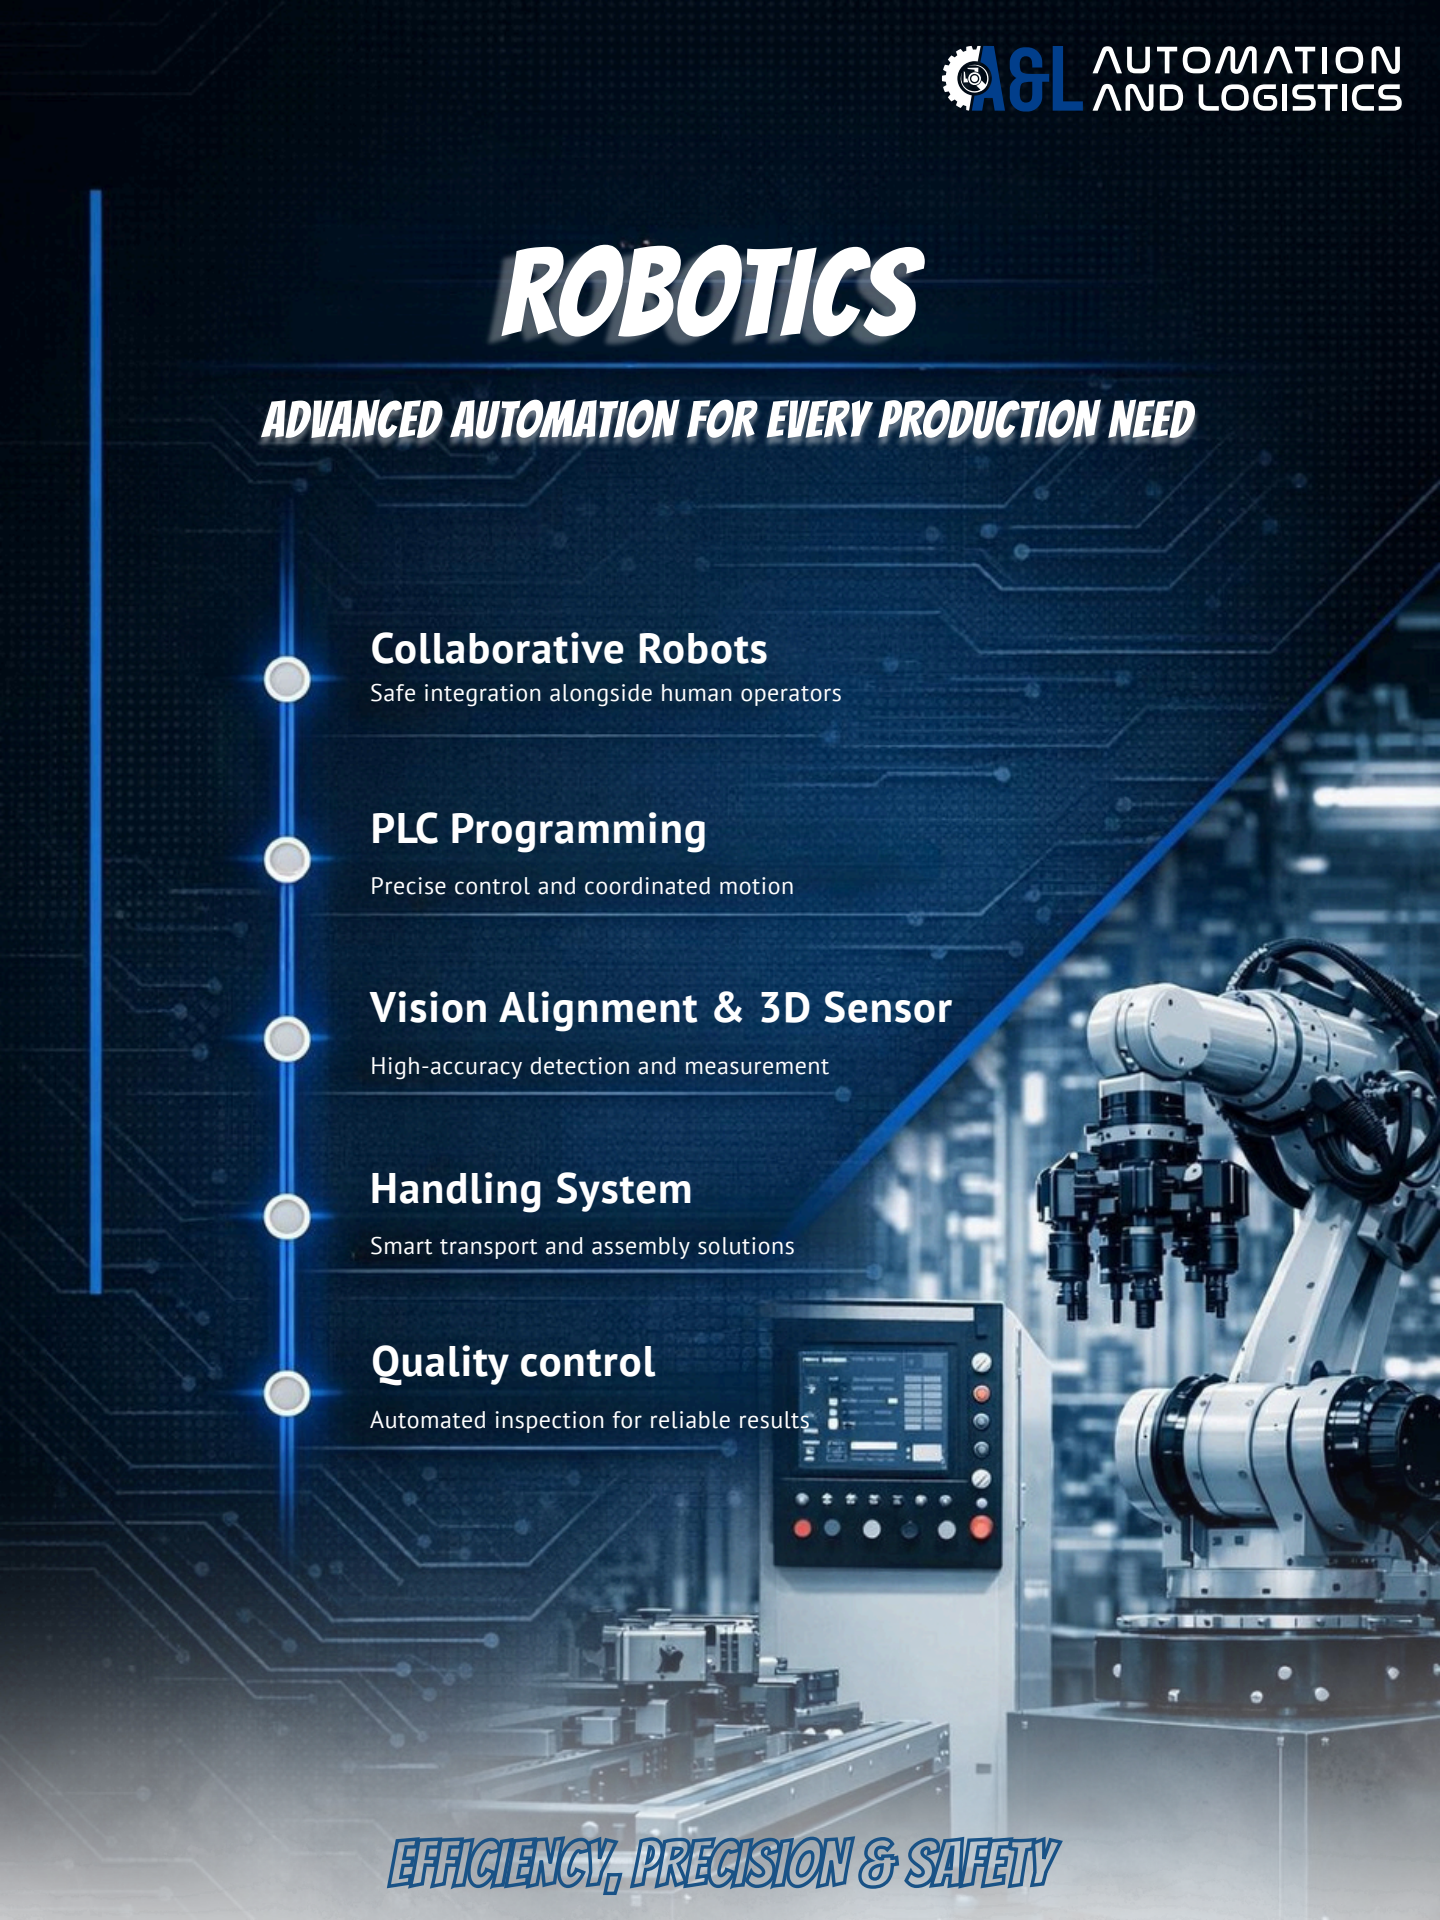

### Collaborative Robots
Safe integration alongside human operators

### PLC Programming
Precise control and coordinated motion

### Vision Alignment & 3D Sensor
High-accuracy detection and measurement

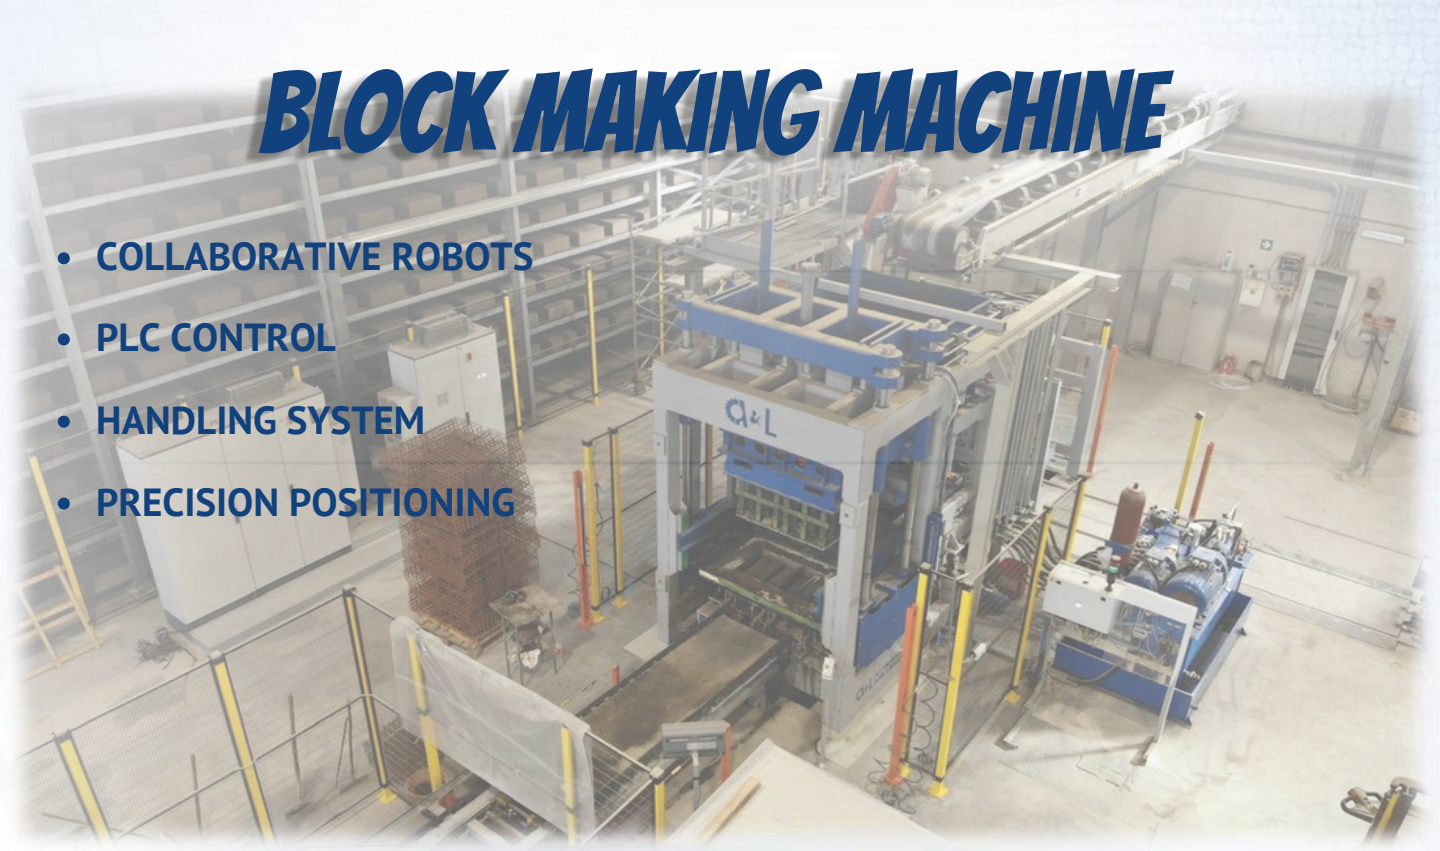

### Handling System
Smart transport and assembly solutions

### Quality control
Automated inspection for reliable results

EFFICIENCY, PRECISION & SAFETY

# BLOCK MAKING MACHINE

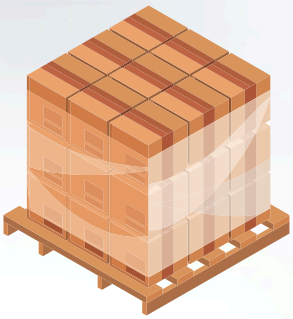

- COLLABORATIVE ROBOTS
- PLC CONTROL
- HANDLING SYSTEM
- PRECISION POSITIONING

# PACKAGING

## Automatic Packaging

Fast and flexible

## Labeling

Precision and full traceability

## Palletizing

Stable stacking and optimized logistics

**AUTOMATION, RELIABILITY AND SEAMLESS INTEGRATION.**
**FROM PRODUCTION TO PACKAGING**

A&L AUTOMATION AND LOGISTICS

# SERVICES & SUPPORT

ALWAYS BY YOUR SIDE, BEYOND SUPPLY

- Technical Support
- Training & Operation Guidance
- Spare Parts & Components

A&L AUTOMATION AND LOGISTICS

- Multilingual Support
- Optimized Logistics
- Scheduled Maintenance

## TECHNOLOGY, INNOVATION, RELIABILITY. ALWAYS
