

# Join Space Team Aachen

ad astra ex aachen

## Subteam Lead

### SCORPIUS | Droning Team

#### About Space Team Aachen

The Space Team Aachen is a space science association founded by students from Aachen's universities. Our team is formed of ambitious students from a variety of fields who share the fascination for space exploration. Our team designs, builds and flies experimental rockets and scientific experiments. We set high, challenging goals to reach our best performance. We believe in equality and stand for the exchange of our aggregated knowledge.

#### Your responsibilities

Interested in drone technology and looking for an opportunity to extend project management skills? Join the SCORPIUS Droning Team!

Your tasks may include:

- Building our rover's companion drone
- Recruiting and managing of team members
- Work together in a team of motivated students
- Work 12 hours a week on the project

#### Our requirements

- Strong interest in project management
- Being able to take over responsibility
- Familiarity construction of drones
- First experiences with CAD and drone manufacturing
- Able to work in a team together with other students
- High motivation & reliability
- Fluent in English or German

#### What do we offer

- Be a part of a team of an association with close to a 200 members and some of the largest aerospace projects in Aachen
- Interdisciplinary teamwork in a highly motivated team
- Apply your theoretical knowledge in a real-world project
- Get in touch with like-minded people
