Videographer/Editor – YouTube Series

Project ASTRID

About Space Team Aachen

The Space Team Aachen is a space science association founded by students of the Aachen universities. Our team is formed of ambitious students from a variety of fields who share the fascination for space exploration. Our team designs, builds and flies experimental rockets and scientific experiments. We set high, challenging goals in order to reach our best performance. We believe in equality and stand for the exchange of our aggregated knowledge.

Your responsibilities

As part of the ASTRID team, you will help document and showcase Space Team Aachen's journey as we design, build, and fly our next competition rocket for the 3 km SRAD hybrid propulsion category of the European Rocketry Challenge in October 2025.

As a Videographer, your responsibilities will include:

- Filming the development of the rocket and its subsystems
- Planning, producing, and editing a documentation-style YouTube series about the project
- Capturing key milestones, tests, team progress, and behind-the-scenes material
- Creating engaging video content that showcases our road to the EuRoC competition
- Supporting the team in presenting the project professionally to the public and our partners

Our requirements

- Experience in video editing and planning
- Enjoyment in watching and creating content
- Motivated and passionate about what you do
- Reliability and independence when working on media tasks
- Basic knowledge of camera work, framing, and audio recording
- Interest in space, engineering, or technical projects
- Ability to edit videos for YouTube and social media formats

What do we offer

- Be a part of a team of an association with over 200 members and some of the largest aerospace projects in Aachen
- Use footage, etc for your own projects
- Apply your theoretical knowledge in a real-world project
- Get in touch with like-minded people
- Participate in the biggest rocketry competition in Europe and have fun!
