SUSTAINABLE COMMUNITY

INVEST IN REAL WELLNESS, INVEST IN PARADISE LIVING

True generosity towards the future consists
in giving everything to the present.
Stopping in full awareness of the here and
the now, is what reveals our
essential connection to paradise.

CARDINAL TULUM | SUSTAINABLE COMMUNITY

A woman with long, wavy blonde hair and blue eyes is peeking through large, vibrant green tropical leaves. Her face is partially obscured by the foliage, with only her eyes, nose, and mouth visible. The lighting is soft and natural, creating a serene and intimate atmosphere. The text "CARDINAL, TURNING SLOW LIVING INTO PARADISE LIVING" is centered over the image in a clean, white, sans-serif font.

CARDINAL, TURNING SLOW LIVING INTO PARADISE LIVING

CARDINAL TULUM | SUSTAINABLE COMMUNITY

THE THREE ELEMENTS OF CARDINAL'S ESSENCE

01

Slow Living

02

Tulum, A Natural Sanctuary

03

Bioclimatic Architecture

Cardinal is the place where everything that is valuable to you flourishes in full bloom. Thanks to the holistic Paradise living concept, you and your family can make tranquility, quality time and the pleasure of the little things in your new daily routine.

Living in paradise does not only mean having everything we need: it also means being able to move away from what does not do any good to us, and to be certain that our passage on earth leaves a positive wake and helps to build a better world for everyone.

Therefore, the already famous **SLOW** (Sustainable, Local, Organic, Whole) lifestyle concept takes on a new dimension at Cardinal, combining the opportunity to belong to a community that actively shares your values and beliefs, joining forces to generate transcendental experiences, as well as environmental, financial and social benefits capable of offsetting our carbon footprint and our impact on nature.

A family of four is captured in a joyful moment on a beach at sunset. They are running through the shallow surf, holding hands and splashing water. The father, on the left, is wearing a white long-sleeved shirt, dark shorts, and a light-colored hat. The mother, on the right, is wearing a white long-sleeved shirt, dark shorts, and a wide-brimmed hat. Two children, a boy and a girl, are running between them, also wearing white shirts. The ocean is a deep blue-grey, and the sky is a mix of soft pinks, oranges, and yellows from the setting sun. The overall mood is peaceful and happy.

MORE THAN A HOME, A COMMUNITY LIKE YOU

CARDINAL TULUM | SUSTAINABLE COMMUNITY

A woman with brown hair tied in a bun, with a white plumeria flower tucked behind her ear, is seen from behind, swimming in a pool. The water is dark and rippling. The background is heavily blurred, showing white flowers and green foliage, creating a bokeh effect. The overall tone is soft and dreamy.

A HOME DESIGNED TO LIVE UP TO YOUR DREAMS

CARDINAL TULUM | SUSTAINABLE COMMUNITY

Every detail of Cardinal has been strategically thought out so that you can honor your ideals every day, choosing quality over quantity, enjoying a more meaningful life and getting in touch with your inner wisdom and balance.

The most privileged and safest location in Tulum

Three-level homes with exclusive amenities to suit your family

Bioclimatic architecture and sustainable design that promote the best thermal and aesthetic experience, with the least amount of energy consumption.

Common areas designed for an optimal balance between conviviality and privacy

A holistic wellness experience that avoids over-stimulation of the senses

Located in the Riviera Maya - the most important and highest-valued recreational destination in Latin America, Tulum is considered by many to be an energetic vortex that promotes holistic healing and the development of people's physical, emotional and spiritual potential.

With some of the most beautiful white sand beaches in the world, a natural barrier reef that provides calm, crystal clear waters, a network of subway rivers that connect the earth's energy to the cenotes, hundreds of acres of lush jungle and many other natural wonders, Tulum is the site of choice for more and more people who want to continue expanding their consciousness in harmony with nature, but at the same time need the guarantee of a safe and intelligent investment.

TULUM: A NATURAL SANCTUARY TO FIND YOUR PURPOSE

SUSTAINABLE COMMUNITY

MEET THE TEAM AND PHILOSOPHY BEHIND CARDINAL

We believe that positive change is created in a community because diversity enriches our lives and nurtures our personal and collective well-being.

We believe that physical and emotional state is the essence of personal wellbeing: our senses in harmony with time, space and purpose are fundamental principles of a fulfilled life.

We believe that any real estate project must respect the natural environment where it is developed in order to preserve its biodiversity, its magic and its unique essence.

THE BACKUP OF STRENGTH AND CONFIDENCE YOU ARE LOOKING FOR

Cardinal not only has the guarantee of the best developer and the best real estate company in Tulum, but also the best hospitality agency for vacation rentals in Mexico, so that your property generates active income when you are not using it.

DEVELOPER

BDGP (Building & Developing Great Projects®) is an innovative developer that materializes extraordinarily sustainable real estate concepts, designed to be intelligent investment tools that base capital appreciation on experience, quality and safety.

The BDGP team is composed of engineers and architects certified by the PMI (Project Management Institute®) and BIM (Building Information Modeling®), as well as in Lean Construction®.

HOSPITALITY SERVICES

More than ten years of successful operation of vacation rentals in the best destinations of the Riviera Maya; with an average annual occupancy of 80%, 40,000 reservations and 95% of 5-star reviews.

We have the Professional CoHost Certification from Airbnb and the largest number of A Plus properties in Mexico, as well as an alliance with the largest relocation agency in the world.

THE BACKUP OF STRENGTH AND CONFIDENCE YOU ARE LOOKING FOR

The whole Cardinal team is made up by experts who live the ideal of paradise living, women and men who, like you, have already discovered what is most valuable.

Giampaolo Spaventa
CEO Founder BDGP Real Estate

Civil Engineer, certified as Project Manager Professional (PMP) with degrees in Sustainable Construction, Construction Management and Real Estate Management. With more than 20 years of experience in real estate and renewable energy projects.

"We develop real estate projects that sustainably meet the present and future needs of our clients and their environment. We create memorable spaces that inspire a holistic wellness experience and improve quality of life."

Marina Rocarols
CEO Rocarols Studio

Holistic architect from Barcelona. She is the founder of Rocarols Studio. Together with her team, they assist people to plan, design and carry out the construction of their Real Estate investments.

"The bioclimatic architecture in Cardinal Tulum's homes actively contributes to people's wellbeing and avoids excessive air conditioning and energy consumption, thereby reducing their environmental impact".
