

BaseTread 500

BaseTread 500 features a 3/4" depth that supports heavy foot traffic and cart traffic and provides a barrier against mud, dirt, and debris. The robust aluminum framework assures dimensional stability and longevity while the vinyl hinge allows the mat to be rolled up and moved for easy under-mat cleaning. A solid 1/8" thick vinyl "T" profile footer runs the full width and length of each section and provides a low-impact cushion for all traffic.

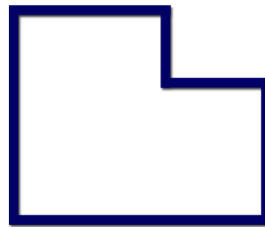

1 Select Size

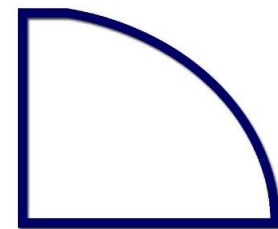

All mats are custom made per specification. Measurements down to 1/16" accuracy.
