

# BaseTread 200

BaseTread 200 features a 1/2" depth that supports heavy foot and cart traffic and provides a barrier against mud, dirt and soilage. The rugged aluminum framework assures dimensional stability and longevity while the vinyl hinge allows the mat to be rolled up and moved for under-mat cleaning. A solid 1/8" thick vinyl "T" profile footer runs the full width and length of each section and provides a low-impact cushion for all traffic.

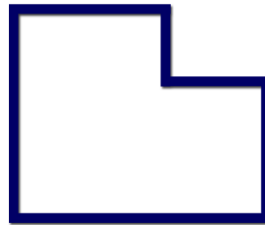

## 1 Select Size

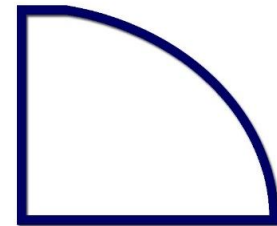

All mats are custom made per specification. Measurements down to 1/16" accuracy.
