

BaseMat 400

BaseMats offer a low noise barrier for mud, dirt and soilage deposited by foot traffic. The entrance floor mats feature aluminum hinged framework with cushioned supports at the bottom of each segment. All BaseMats facilitate easy cleanup – simply roll mat up and clean underneath. BaseMats are available with frames and spacers for recessed applications, and ramps for surface applications.

1 Select Size

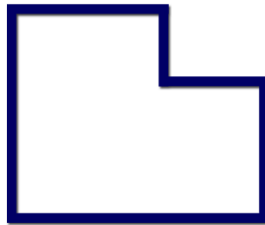

All mats are custom made per specification. Measurements down to 1/16" accuracy.
