

SAFEGUARDING SUNDAY

Action Speaks Louder

ACTION PLEDGE CARDS

The theme for 2025's Safeguarding Sunday is Action Speaks Louder. We're encouraging churches, charities and the people in them to commit to taking action towards creating safer places.

The action pledge card is for the people in your organisation to make a personal pledge to complete a specific action that will contribute to creating a safer place where you are. They may decide to complete their safeguarding training, or become more informed. Perhaps they will commit to praying once a week for the safeguarding team, or maybe even they will speak up about something that are not sure is right.

This template is designed so that you can print and cut out multiple copies to give out to members of your organisation. You might want to put it on seats, or ask people to come and collect one.

Let's move past talking about safeguarding, and take action instead. Safeguarding is everyone's responsibility.

SAFEGUARDING SUNDAY

Action Speaks Louder

This Safeguarding Sunday, I pledge to take the following action to help create safer places:
