NOVA
Middle School

Essay

Please write about the topic below in your own handwriting on a separate sheet and scan and attach it to the application. Develop a response as well as you can. Spell words the best you can without using a dictionary, and take as much time as you need to present your thoughts.

Please write approximately one page. There are no right answers here; we are interested in your thinking! Choose ONE of these options:

1. How many pizzas do you think are eaten every day in the U.S.? Walk us through your thinking.
2. Imagine your backpack could talk. What would it say about your school day?
3. If you could design a playground for a middle school, describe what you would put on it and why.

Information for NOVA Middle School's Clarity financial aid application will be available in November.

Submission and decision deadlines are the same as your application for admission. All financial aid and admissions decisions are made separately.
