

The Annual CU Denver Block Party returns for a 14th year this year and will be held this month on Thursday, August 20 starting at noon and going to 3:00 p.m. The Block Party will again be held on Lawrence St. between Speer and 14th Street. Due to the extensive setup and tear down it takes to put on this exciting event, Lawrence Street will be closed at Speer Boulevard **beginning at 8:00 a.m. sharp**. This fully blocks in and out access to the CU Denver Building Garage during that time. The street will reopen to traffic at 5:00 p.m. **If you would like to park in the CU Denver Building garage that day, you will need to enter by 9:00 a.m. on August 20th (using the map attached) and will not be able to exit until 4:00 p.m.**

Please note that Lawrence Street will be closed at Speer at 8 a.m. and **access to Lawrence will only be available via 14th St. until 9:00 a.m.** Please plan accordingly. If your schedule on the 20th absolutely requires you to come or go during this time, please make plans to arrive to campus early to obtain a parking spot in the Business School garage, which will be unaffected by the closure. We cannot accommodate all parkers in the Business School garage, so if you can arrive to campus and park in the CU Denver building garage that day, please do. We will not be providing parking vouchers for other garages.

A map of the street closure is also attached with instructions for how to access the CU Denver Building parking garage between 8:00 a.m. - 9:00 a.m. To access the garage when Lawrence is closed at Speer, you will enter from the 14th Street end of the street and drive the wrong way down Lawrence to the garage. Please be cautious of pedestrians and setup during this time.

We appreciate your anticipated help with this and hope everyone enjoys the 14th Annual CU Denver Block Party!
