

**2j-antennas.com**

2J Antennas is a global leader and manufacturer of antenna solutions for various markets, including IoT and M2M. We offer integrated design and manufacturing resources under one roof, ensuring European quality.

**ADVANTECH**

*Enabling an Intelligent Planet*

**advantech.com/es-mx**

Advantech is a global company specialized in industrial computing, IoT, and automation, developing hardware and software for the digitalization of industries under the concept of Industry 4.0. Its solutions are aimed at sectors such as manufacturing, energy, healthcare, transportation, retail, and smart cities.

**AONdevices**

**aondevices.com**

AON Devices, pioneers in ultra-low-power smart edge AI processors, provide solutions including ML chips, integrated algorithms, and a tool suite for wearables and smart devices, emphasizing advanced acoustic event detection and sensor fusion technology.

**belfuse.com/cinch**

Cinch is a connector manufacturer. They supply RF, microwave, 6GHz, and other connectors for aerospace, automotive, commercial, oil and gas, military and defense. Stewart for standard applications as well as harsh environments.

**cranksoftware.com**

Crank Software is a software for user UI/UX development. Compared to traditional electronics and design automation tools. Crank Software enables R&D teams to quicker develop rich graphical displays, animated transitions, and system integration.

**cree-led.com**

Cree LED is an LED manufacturer with a market-oriented methodology, focused on high brightness, mid power, LED modules, and HP LED COB. Applications include outdoor and indoor (linear and directional), horticulture, retail, portable, full color, architectural, and emergency vehicles.

**desarrollotecnico.com.mx**

Desarrollo Técnico is a company focused on providing engineering solutions, automation, and technical services for industry. It operates in sectors such as manufacturing, energy, telecommunications, and construction.

**edtc.com**

Emerging Display Technologies develops displays, mainly LCD, as well as embedded solutions that integrate a complex UI/UX with the respective hardware and software for simpler integrations.

**ei-sensor.com**

EI Sensor offers a complete line of temperature sensors, including thermistors, RTDs, and probe assemblies. Companies worldwide rely on the company for precise temperature measurement and control.

**epson.com/microdevices**

EPSON develops low-power, small and high precision timing devices for electronic devices as crystals, oscillator, and Real-Time clocks for customer, industrial and automotive markets.

**e-switch.com**

E-Switch company has a wide range of innovative mechanical switches for different markets. Anti-vandal detector, pushbutton, rocker, tactile, tilt, toggle; as well as cable integration, light and design customization, and IP certifications if needed.\*

**ezurio.com**

Ezurio, we simplify the rapid integration of wireless connectivity with innovative solutions, world class manufacturing and unparalleled customer support with BT, BLE and Wi-Fi wireless modules, SOMs, LoRa gateways, and RF antennas.

**fcl-components.com/en**

FCL Components develops and manufactures a wide range of electronic components, including connectors, capacitors, and resistors, focusing on high reliability and performance for various applications in the automotive, industrial, and consumer markets.

**furukawaelectric.com/en/**

Furukawa Develops, manufactures and sells the most advanced optical components for 100G & beyond optical networks, including coherent transceivers (CFP DCO, CDP2 ACO) 100G, CFP/CFP2 transceivers, 100G/400 integrated coherent receivers.

**es.gpbatteries.com**

GP Batteries is a battery manufacturer producing alkaline, lithium, carbon zinc, rechargeable NiMH batteries, and customized pack solutions. It serves diverse markets including consumer electronics, medical, IoT and security systems, emergency lighting, telecommunications, and personal care.

**inplay-tech.com**

InPlay Tech is a SOC manufacturer focused on Bluetooth devices that enable communication among a wide market, from a simple uni-directional beacon up to a robust bidirectional SoC for a consumer and industrial applications.

kagafei.com

KAGA FEI / Ramxpeed provides non-volatile FRAM with fast write speeds, ultra-low power, and high endurance. Its portfolio includes Ramxpeed (FRAM), Furuno (GPS/GNSS), Etron (DRAM), and Hailo (AI solutions).

longsys.com

Mestor Electronics is a memory solutions manufacturer producing DRAM modules, SSDs, portable SSDs, USB flash drives, and memory cards, serving both global consumer electronics and industrial markets.

micron.com

Micron manufactures a full range of memory products such as DRAM, NAND, multipackages, enterprise devices for network, consumer, industrial, and automotive markets.\*

qorvo.com

Qorvo is a leader in advance high-performance RF solutions such as front-end devices, filters, duplexers, converters optical components, PA, LNA, and standard RF products, UWB enabling devices, PMIC, moto controllers, force sensors, and SiC FET/JET and diodes.

qualcomm.com

Qualcomm is a leader in wireless technology. Offering maximum performance with minimum consumption. the company focuses on 5G, but it has a broad portfolio of connectivity, including 4G LTE IoT, Wi-Fi, and Bluetooth.

sciocraft.com

Sciocraft is a leading provider of surface-mount technology. The company offers assembly solutions with precise mounting and quality at every step of the process. It also provides engineering services, material procurement management, and the export of assemblies to their final destination.

taiwansemi.com

Taiwan Semiconductors offers a wide portfolio of discrete semiconductor devices, such as amplifiers, rectifiers, diodes, linear voltage regulators, switching regulators, MOSFETS, and transistors.

utlimited.com

Specialized in R&D of optic and magnetic products. We develop solutions for power supplies, ethernet connectivity, and optical communication for automotive, industrial network, and consumer markets.
