

belfuse.com/cinch

Cinch is a high-quality connector manufacturer focused on high-performance and high reliability. We supply RF, microwave, 6GHz, and other connectors for aerospace, automotive, commercial, oil and gas, military and defense. Stewart for standard applications as well as harsh environments.

cree-led.com

Cree LED is an LED manufacturer with a market-oriented methodology, focused on high brightness, mid power, LED modules, and HP LED COB. Applications include outdoor and indoor (linear and directional), horticulture, retail, portable, full color, architectural, and emergency vehicles.

epson.com/microdevices

EPSON develops low-power, small and high precision timing devices for electronic devices as crystals, oscillator, and Real-Time clocks for customer, industrial and automotive markets.

e-switch.com

E-Switch company has a wide range of innovative mechanical switches for different markets. Anti-vandal detector, pushbutton, rocker, tactile, tilt, toggle; as well as cable integration, light and design customization, and IP certifications if needed.

ezurio.com

Ezurio, we simplify the rapid integration of wireless connectivity with innovative solutions, world class manufacturing and unparalleled customer support with BT, BLE and Wi-Fi wireless modules, SOMs, LoRa gateways, and RF antennas.

fcl-components.com/en

FCL Components develops and manufactures a wide range of electronic components, including connectors, capacitors, and resistors, focusing on high reliability and performance for various applications in the automotive, industrial, and consumer markets.

fujitsu.com/jp/group/foc/en

Furukawa Develops, manufactures and sells the most advance optical components for 100G & beyond optical networks, including coherent transceivers (CFP DCO, CDP2 ACO) 100G, CFP/CFP2 transceivers, 100GQSFP28 Transceivers, 100G/400 integrated coherent receivers.

micron.com

Micron manufactures a full range of memory products such as DRAM, NAND, multipackages, enterprise devices for network, consumer, industrial, and automotive markets.*

taiwansemi.com

Taiwan Semiconductors offers a wide portfolio of discrete semiconductor devices, such as amplifiers, rectifiers, diodes, linear voltage regulators, switching regulators, MOSFETS, and transistors.
