

2j-antennas.com

2J Antennas is a global leader and manufacturer of antenna solutions for various markets, including IoT and M2M. We offer integrated design and manufacturing resources under one roof, ensuring European quality. We have an OTA testing chamber in Slovakia (our main headquarters), the United Kingdom, and our office in San Diego.

belfuse.com/cinch

Cinch is a high-quality connector manufacturer focused on high-performance and high reliability. We supply RF, microwave, 6GHz, and other connectors for aerospace, automotive, commercial, oil and gas, military and defense. Stewart for standard applications as well as harsh environments.

cree-led.com

Cree LED is an LED manufacturer with a market-oriented methodology, focused on high brightness, mid power, LED modules, and HP LED COB. Applications include outdoor and indoor (linear and directional), horticulture, retail, portable, full color, architectural, and emergency vehicles.

epson.com/microdevices

EPSON develops low-power, small and high precision timing devices for electronic devices as crystals, oscillator, and Real-Time clocks for customer, industrial and automotive markets.

e-switch.com

E-Switch company has a wide range of innovative mechanical switches for different markets. Anti-vandal detector, pushbutton, rocker, tactile, tilt, toggle; as well as cable integration, light and design customization, and IP certifications if needed.

ezurio.com

Ezurio, we simplify the rapid integration of wireless connectivity with innovative solutions, world class manufacturing and unparalleled customer support with BT, BLE and Wi-Fi wireless modules, SOMs, LoRa gateways, and RF antennas.

qualcomm.com

Qualcomm is an American global leader in wireless technology innovation, focused on providing the most efficient balance between high processing and power consumption devices to cloud or wherever you need to, the company focuses on 5G, but it has a broad portfolio of connectivity, including 4G LTE IoT, Wi-Fi, and Bluetooth.

kagafei.com

Kaga FEI provides non-volatile FRAM Memories that feature high read/write endurance, providing user with fast writing speed and ultra-low power operations, enhancing a long device part life.

qorvo.com

Qorvo is a leader in advance high-performance RF solutions such as front-end devices, filters, duplexers, converters optical components, PA, LNA, and standard RF products, UWB enabling devices, PMIC, moto controllers, force sensors, and SiC FET/JET and diodes.

taiwansemi.com

Taiwan Semiconductors offers a wide portfolio of discrete semiconductor devices, such as amplifiers, rectifiers, diodes, linear voltage regulators, switching regulators, MOSFETS, and transistors.
