Transparency condition information

The Office for Students (OfS) requires registered Higher Education Institutions to publish attainment data in a prescribed format. The Markfield Institute of Higher Education data is set out below.

The information published on these pages shows:

The number of students who attained a particular undergraduate degree or other academic award, or a particular level of such an award, on completion of their course with us.

It also shows these numbers by reference to:

- The gender of the individuals to whom they relate
- Their ethnicity
- Their socio-economic background

It is important to note that the data presented has not been contextualised or benchmarked by the Office for Students.

The detailed data is available to download in the [Transparency Tables 2026 Spreadsheet](#)
