To: Town Board of Wales NY

Subject: Permit Review – Pole Barn Placement

Dear Members of the Town Board and David and Xena Vallone;

Upon review of the permit application submitted for proposed installation of a pole barn at 13781 Schang Rd, I must inform you that the project does not comply with the zoning regulations set forth in the Town Code.

Specifically, per Section 200-22 of the Town of Wales Zoning Ordinance.

Therefore, the pole barn cannot be permitted as proposed. The applicant may seek a variance through the Zoning Board of Appeals, though approval is not guaranteed and may require a formal hearing.

Please let me know if further clarification is needed or if assistance is required in revising the site plan.

Sincerely,

A handwritten signature in black ink, appearing to read "Daniel O Whitehead", is written over a horizontal line.

Daniel O Whitehead
Code Enforcement Officer Town of Wales
