

# AUTOMATED DESIGN SERVICES (ADS) NEXT GENERATION OF SECURITY DESIGN & DELIVERY

## WHO WE ARE

4Liberty is an infrastructure consulting firm specializing in **large-scale, enterprise, and critical-infrastructure security programs**. We combine disciplined program management, standardized security design, and BIM-driven automation to accelerate design delivery, reduce execution risk, and improve outcomes across complex, multi-site environments.

## CORE SERVICES

- BIM-driven 2D/3D security modeling (full-site)
- Scalable, standardized security design packages
- Integrated PMO support for governance
- Vendor, A&E, and subcontractor coordination
- Audit-ready compliance aligned with regulatory standards

## INDUSTRIES SERVED

- Utilities & Critical Infrastructure
- Government & Regulated Facilities
- Commercial, Datacenter & Education Facilities

## WHY 4LIBERTY

- Built for regulated, high-risk environments
- BIM-driven automation that standardizes security design at scale
- Faster design cycles without sacrificing rigor or compliance
- Integrated program support for governance, visibility, and control
