

# Take HealthiestYou with you wherever you go!

The image shows a woman and a young child in winter clothing (hats, scarves, gloves) smiling and looking at each other in a snowy outdoor setting. In the foreground, a smartphone displays the HealthiestYou app interface. The app screen shows the HealthiestYou logo at the top, followed by the question "How would you like to talk to a doctor?". Below this, there are two blue buttons: "PHONE" and "VIDEO", each with a right-pointing arrow.

**You can talk to a doctor  
by phone or video  
while traveling.**

Whether you get a stomachache, rash, bug bites, or another non-emergency condition, our doctors are here for you and your family.

-  See a doctor on vacation without the waiting room
-  Get treatment for conditions like the flu, sinus infections, and much more
-  a licensed U.S. physician from wherever you are\*

\*HealthiestYou is not available internationally.
