GBC® Ultima® 65

Always a popular choice for educators, the Ultima® 65 laminator is now better than ever. With EZload® film technology using the laminator is virtually foolproof. Film rolls are easy to load correctly the first time greatly reducing the chance of film wraps. Ultima 65 is the perfect solution for everything from posters to class photos.

- Posters
- Games and Game Pieces
- Bus Tags
- Flash Cards
- Charts
- Class Room Photos
- Maps
- Teaching Aids
- Folders
- Work Sheets

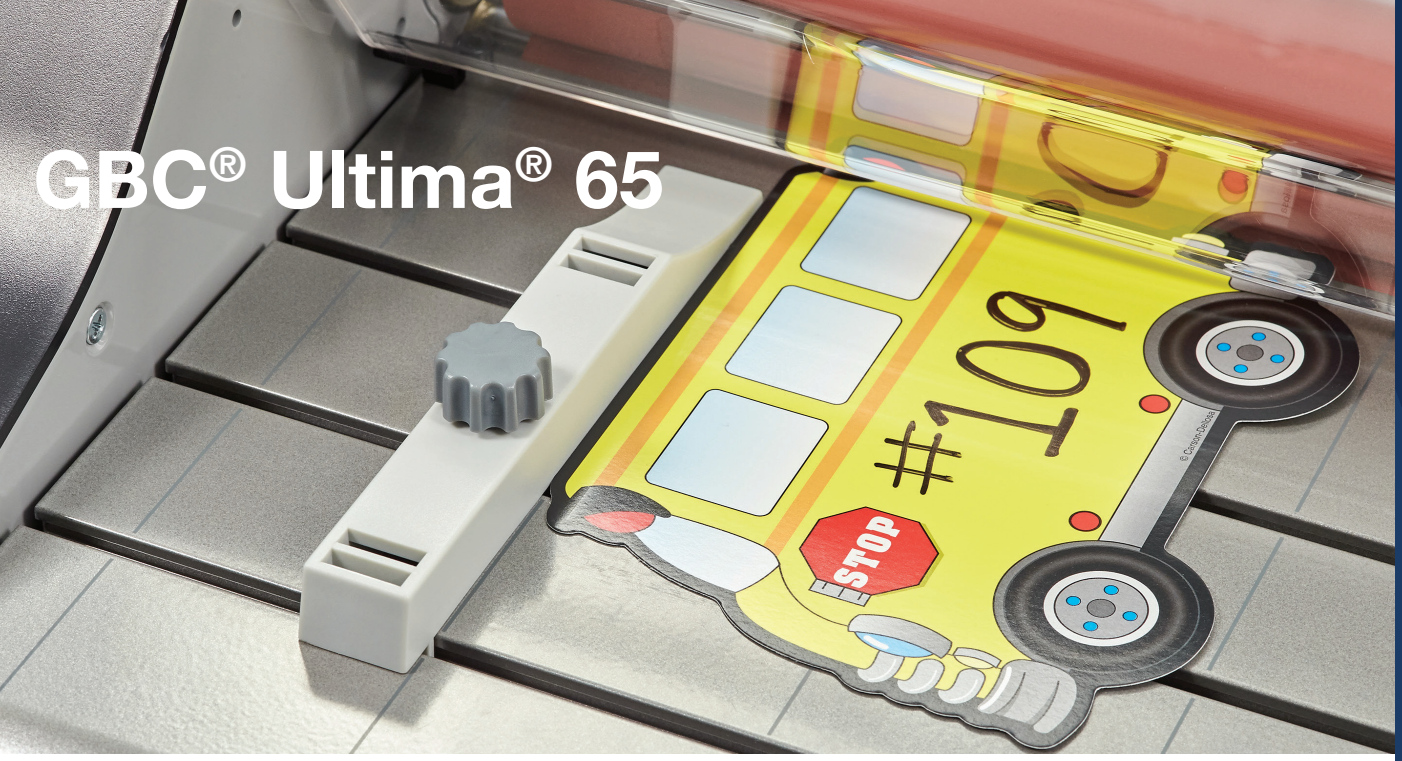

50% Faster Film Loading

- Pivoting table and heat shield provide easier access when changing film, no need to remove the table
- New Ultima 65 EZload® film rolls are easier to install and take the guess work out of how to put the film in
- With Standard Film, AutoGrip shafts make itsimpler to remove and add film

Foolproof Laminating

- AutoSpeed ensures quality lamination and eliminates the guess work of which speed to use
- Additional stop button on the back of the machine allows the user to view the output and to easily stop the machine
- Easy to use one touch control panel with large Run, Stop and Reverse buttons gives the user perfect control of the machine
- Removable shaft hooks on the back of the machine reduce the chances of common film wraps and provide storage for AutoGrip shafts
