1.5. CEU's

FINDING ONE'S OWN HYPNOTIC STYLE

Presented by Melissa Laurel LPC and
David Vu DDS

Moderated by Roxanna Erickson-Klein
LPC, ASCH Approved Consultant

SUMMARY

This video and discussion is intended to facilitate the transition from beginning and consultation training in hypnotherapy to integration into practice. As part of their hypnosis education the presenters volunteered to record a first and second session and to discuss the steps and experience.

OBJECTIVES:

1. To review a videotape of a first and second trance induction demonstration.
2. To identify the various steps of inducing trance and realert.
3. To enumerate the audio, visual, and kinesthetic elements that contribute to the trance induction.
4. To inquire about specific elements of the trance including rationale and responses.
