

PROJECT BRIEF

I-41 Project | Outagamie and Brown Counties

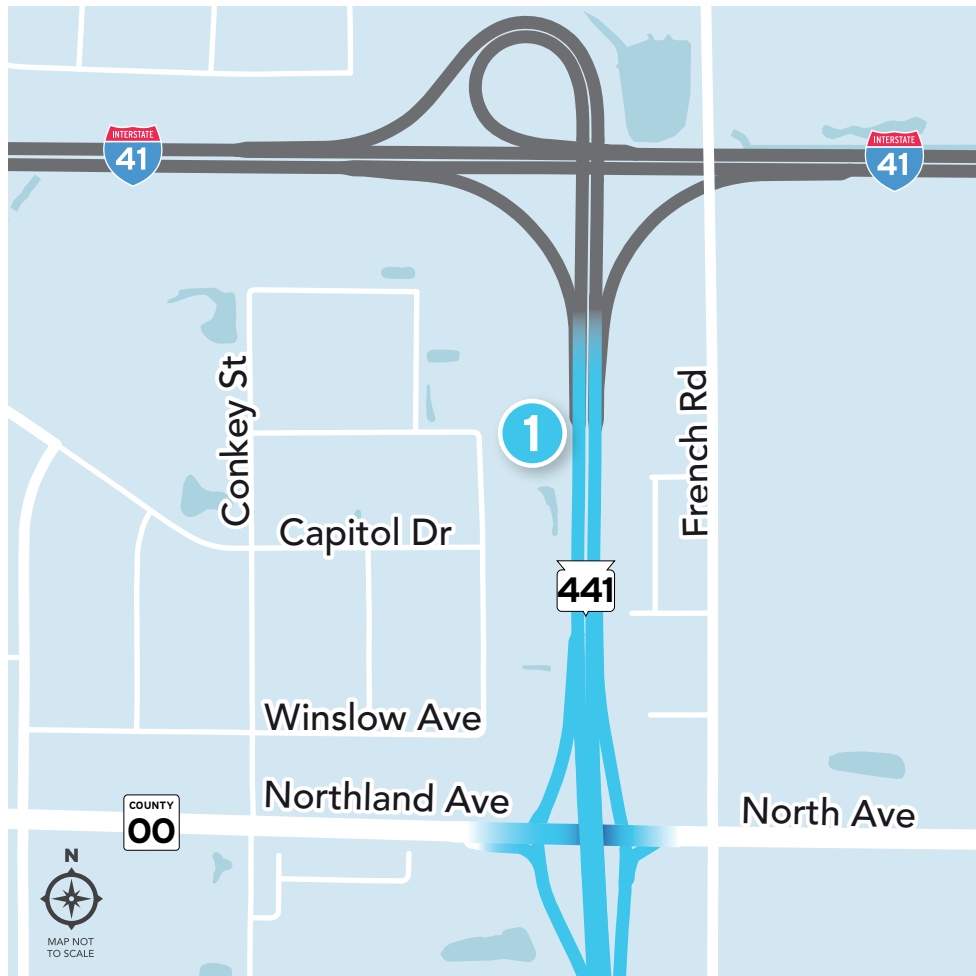

I-41/WIS 441 System Interchange

Schedule: spring 2026 to 2029

TRAFFIC IMPACTS

- 1 Intermittent lane restrictions and closures along NB and SB WIS 441 and along County OO, including ramps. These closures are required to complete bridge work and median widening to accommodate future WIS 441 system interchange reconstruction.

I-41/WIS 441 System Interchange

The Wisconsin Department of Transportation (WisDOT) is reconstructing the system interchange that connects I-41 and WIS 441 as a three-level system interchange with ramps designed to safely carry vehicles traveling at 55 mph. Reconstruction includes enhanced safety features and incorporates updated design standards that will improve traffic flow.
