Federal Highway Administration

MEETING PURPOSE

The Wisconsin Department of Transportation (WisDOT) is hosting public involvement meetings to discuss the I-41 Project from WIS 96 (Wisconsin Avenue) near Appleton to County F (Scheuring Road) in De Pere. There are two options to attend the meetings: one in-person and one virtual. The construction meetings will provide an overview of the work that has taken place in 2026 and construction planned for 2027 and beyond. The same information will be provided at both meetings.

WisDOT will continue to hold public involvement meetings throughout the duration of the project to keep you informed about updates and the construction schedule.

MEETING FORMAT

Today's meeting will run from 5 to 7 p.m. A presentation will begin at 5:15 p.m., followed by a question-and-answer session with WisDOT staff. Please review current design plans; project staff are available to answer questions and discuss the project. The presentation and materials shown at today's meeting are available to download after the public meetings at **i41project.wisconsindot.gov**.

Online comment forms are available by scanning the QR code displayed at today's meeting on your smartphone. Paper comment forms can be found near the sign-in tables, and completed paper forms can be mailed to WisDOT using the postage-paid return envelopes provided at today's meeting.

CONSTRUCTION ALERT! Spring 2027

WIS 441

1. **Ballard Rd NB on-ramp**

WHAT'S NEXT?

As the project advances through final design and ongoing construction activities, WisDOT will continue to coordinate with communities and stakeholders regarding:

- Real estate acquisition
- Transportation management planning
- Stakeholder outreach
