

” We create
world class
innovations“

Welcome to the Microelectronic Hub Dresden

Dresden has a world-famous cultural and art scene, but also a booming industry and high-tech area. It is the most modern and largest semiconductor location in Europe. Every 2nd European chip comes from Dresden. Combining algorithmic excellence with microelectronic expertise opens up entirely new possibilities for ensuring your competitiveness, such as EdgeAI.

Our Office is located within an extraordinary historical villa directly on the river Elbe. It provides an incomparable view of the skyline of Dresden. It contains six modern plug-and-play workstations as well as creative spaces and workshop rooms. Even though the environment is very calm, the city center and the pulsating borough of Dresden Neustadt are nearby.

INC Innovation Center | Dresden

Arrival

Arriving by car (from A4)

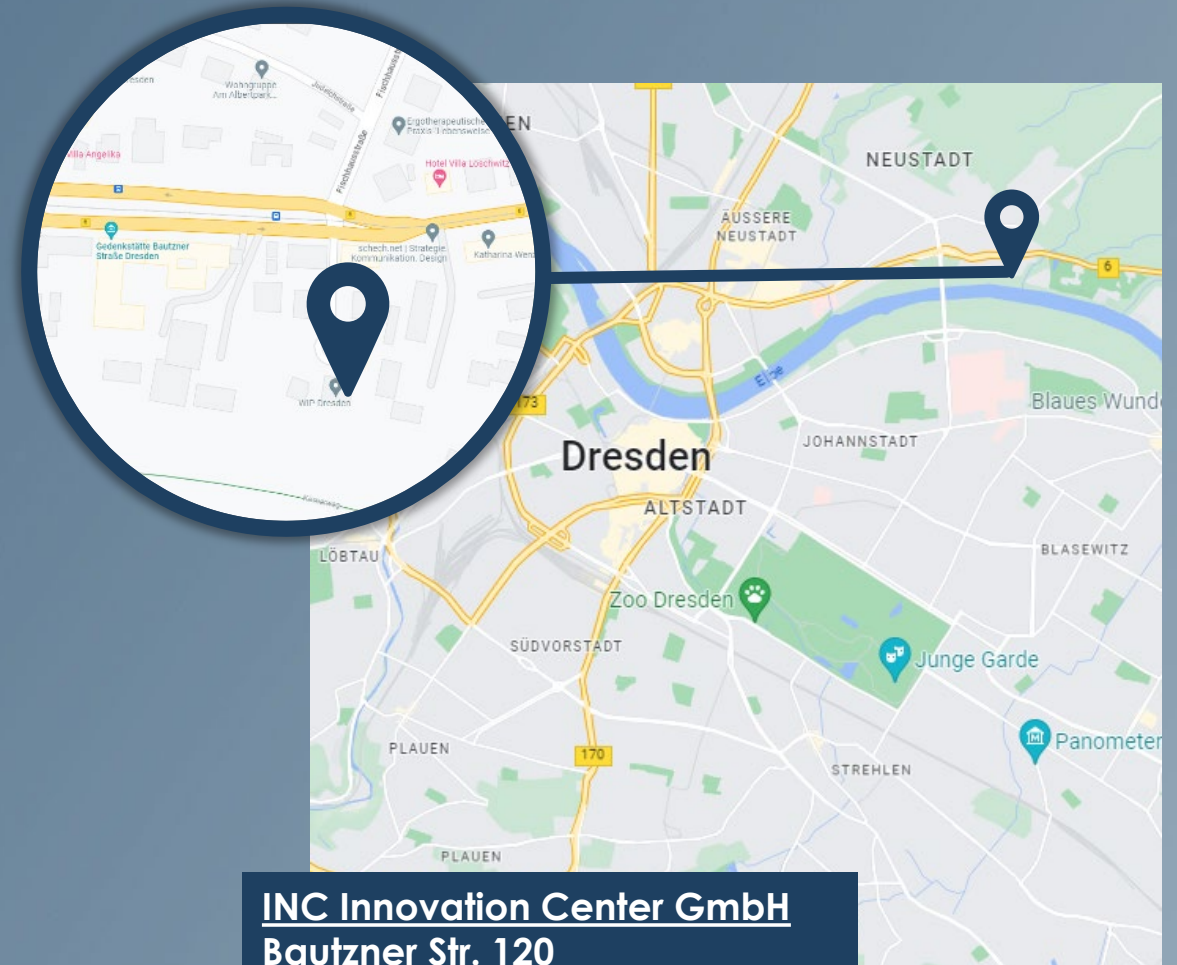

- Take the motorway A4 towards Berlin/ Dresden/ Erfurt
- Until the exit 81α-Dresden-Hellerau change onto B170 towards Dresden-Central/ Zollamt
- Drive onto Radeburger Str./ B170, after 1.5 km, turn left onto Stauffenbergallee
- To stay on Stauffenbergallee bear right after 3.7 km and then turn left after 600m onto Bautzner Str.
- You can park the car at the parking lot "Am Brauhaus" or Moritzburg-Pillnitzer Weg. In addition, there are side streets (Judeich-/Angelikastraße), where parking is possible

Arriving by plane

- You can fly to the DRS Airport in Dresden.

Arriving by public transportation

- Arriving at Dresden Mainstation take the bus line 261 approximately 15 min. to Dresden Angelikastraße. From there it is a 1-minute walk to our villa. As there are several options, we recommend you, to look for the most convenient connection in time on [DVB Verbindungsauskunft](#)
