

”We create
world class
innovations“

#WeKnowWhy

Welcome to the Industry 4.0 Hub Aachen

The city of Aachen moves to the rhythm of science. Nowhere else in Germany are so many research institutions and scientists concentrated in such a small area.

A flourishing ecosystem has been established in the production and logistics sector. Prototype production and pre-series are open to customers from various industries.

Our office is located on the Melaten Campus a new district nearby the university hospital which also reflects the cooperation of research and innovation.

Arrival

Arriving by car (from interchange Aachen A4/A44)

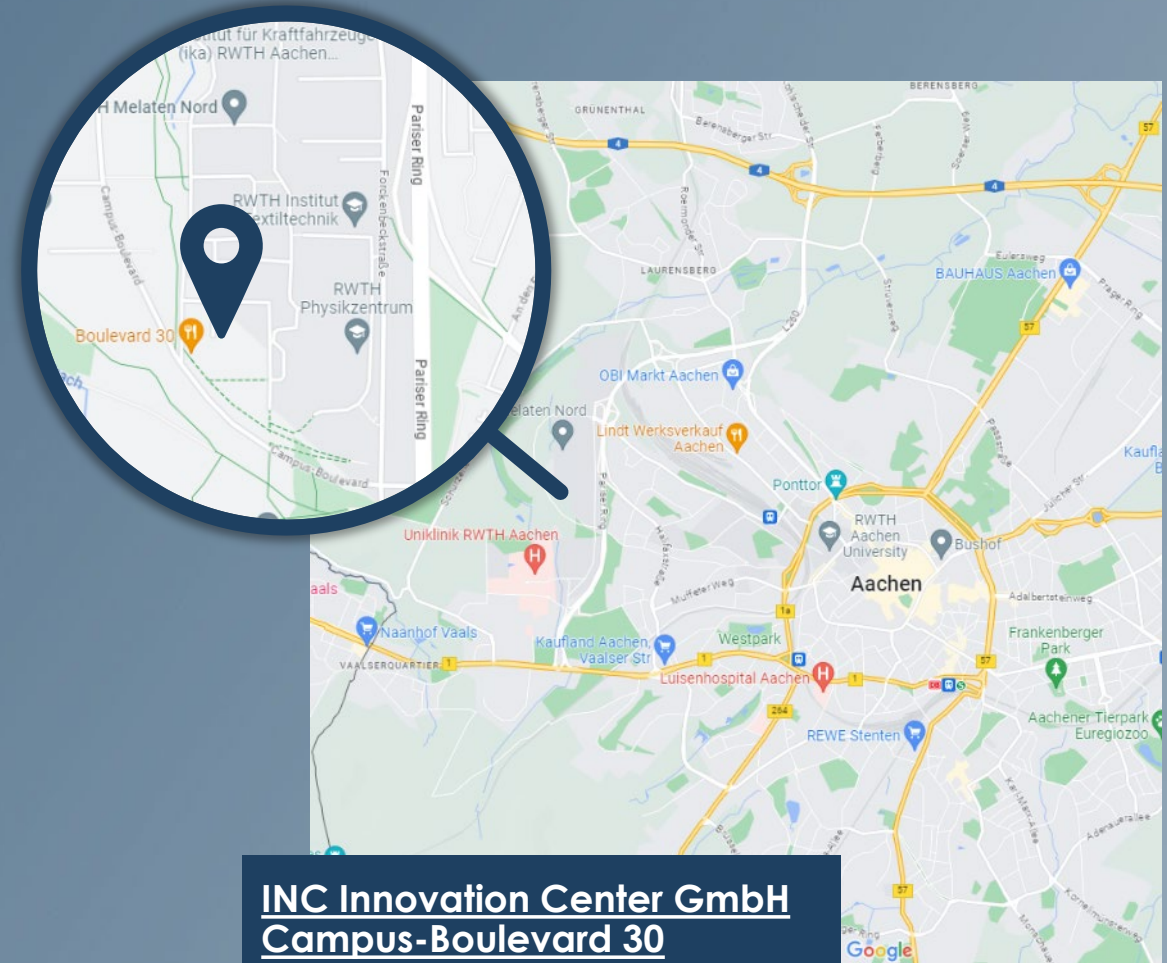

- Take the motorway A4 towards Aachen/Heerlen/Antwerpen until the exit Aachen Laurensberg
- After the exit turn right in the direction of Aachen Laurensberg. Follow Kohlscheider Straße
- After 900 meters, bear right in the direction of Uniklinik RWTH Aachen
- Take the fourth exit of Campus Melaten and go straight across the intersection into Campus-Boulevard
- At the junction with Steinbach Straße, you will find the Cluster Production Engineering, **Campus-Boulevard 30**

Arriving by plane

- You can fly to the airports DUS or CGN. There are train connections to Aachen from both airports. For more information, please visit [DB](#).

Arriving by public transportation

- From Aachen Hauptbahnhof, there are several options. We recommend taking bus lines 3A or 3B to Aachen, Campus Melaten (Physikzentrum), or checking the [AVV](#) or [NAVEO](#) app for more connections.
